ACKNOWLEDGEMENT

At the outset, I wish to express my sincere regard and reverence to my guide Prof. H. Vishnu Hebbar, Chairman, Department of Studies in Statistics, University of Mysore, Manasagangothri, Mysore, who has been the main source of inspiration for this work. My heartfelt thanks to him for his invaluable and patient guidance, timely suggestions, moral support and encouragement throughout my research work which made me to complete this study.

I owe a debt of gratitude to Prof. R. Vasudeva, and Dr. S. Ravi, Department of Studies in Statistics, University of Mysore, Manasagangothri, Mysore, for their co-operation and encouragement.

Finally, I am very much grateful to the University of Mysore, Mysore, for financial assistance and for facilities provided during the tenure of my research work.
