ACKNOWLEDGEMENTS

I am deeply indebted to my beloved guide Dr. M.S. Sethumadhav, Reader, Department of Studies in Geology, University of Mysore. This work would not have been completed without his constant encouragement, guidance and support.

I am grateful to, Prof. C. Srikantappa, Chairman, Department of Studies in Geology for his co-operation and encouragement. I extend my deepest sense of gratitude to Prof. B. Krishna Rao, Mrs. Meera Krishna Rao, Prof. A. Balasubramanian and Prof. M.J. Chandrashekaragowda Prof. S. Sathyanarayana. I express my heart-felt gratitude to late Prof. Nayaz Ahamed Shareef for initiating me into research career.

I am also indebted to late Prof. A.S. Janardhan for his guidance and encouragement during my research tenure. Besides, I extend my thanks to Dr. K.N. Prakash Narasimha, Senior Scale lecturer for help in petrology and fluid inclusion work. Dr. S. Govindaiah, Professor; Dr. Basavarajappa, Professor; Dr. Ashamanjari, Dr. G.S. Gopalakrishna, Dr. B. Suresh, Dr. M. Shankara, Dr. L. Maheshbilwa, Dr. Shankara, Dr. P. Madesh Reader; Dr. D. Nagaraju and Dr. B.V. Suresh DOS in Geology, Dr. M. R. Janardhana, Lecturer, Department of Geology, Yuvaraja’s college for his support all through the present work and Dr. R. Nagendra, Asst. Prof, Anna University, Chennai.

I extend my gratitude to Dr. Basavalingu for carrying out microprobe analysis. His friendly encouragement is deeply acknowledged. I am grateful to Dr. Prahlad Rao, Department of studies in Physics, and Dr. Krishnaiah and Dr. A.V. Ganesh, for help in obtaining X-ray of samples.
It gives me immense pleasure to thank our all the teaching staff of the department for their constant support. My gratitude to the non-teaching staffs our department for their co-operation all through the research tenure.

I extend my gratitude to Prof. John B. Brady, Department of Geology, Smith College, Northampton, MA; for carrying out Isotope analysis of carbonate samples. Mr. Venkatesh of M/s U.K. STONES of Mysore, is thanked for the support extended to me during the course of this work.

I would like to express my personal thanks to my colleagues Dr. Chinnaiah, Sridhararaje urs, Dr. Shivanna, Dr. Ashok. V. Rao, Dr. J. Deveraju, Purushothama.N, Ramalingaiah, Ravikumar. Nagesh and Mahesh, Brijesh.V.K., Smt. Pushpavathi, Krishnaveni and Pauline Sabina, Dr. Mahesh, Madhu, Madhu Kumar, Girish, Dyananda, Smt. Smitha, P.G. and Manunatha. Mr. B. M Sudheendra kumar, Consultant Geologist and Subramanya MML, Bageshapura and Sri. Basavarju Chief Palynogist ONGC.

Thanks are due to Mr. Basavaraju for polishing the ore samples in the present study. I express my deep gratitude to MML, Department of Mines and Geology, Geological survey of India, Bangalore. Dr. Ugarkar, Dr. Manjunath and Sanjeev solankar of Karnataka University, Dharward, for help with fluid inclusion studies.

It gives great pleasure to thank my brother B. Sham kumar (GTTC-Mys), sisters B. Nagarathana, B. Rajeshwari (UOM-Mys), and B. Saroja and their children, uncle M. H. Dasappa and Dasparakash, Raghavendra, Narayana and Ananda Kumar for their support, prayer, blessings and encouragement.
I would like to acknowledge the fellowship offered to me by the SC/ST Cell, University of Mysore, Mysore and CSIR-SRF New Delhi for complete my present work.

Mrs. Rajeshwari, Suraj, Surabhi and family members of my guide are acknowledged for their hospitality.

Last but certainly not the least, I wish to express my deepest sense of gratitude to my beloved parents Late Smt. Venkatamma D/O Late BuddaVenkataiah, for their blessings soul.
