ACKNOWLEDGEMENTS

From the innermost depths of my heart I praise to God the Almighty for this work has been accomplished whose ever lasting mercy and abundant compassion have ensured the accomplishment of this research work.

The satisfaction and euphoria that accompany the successful completion of any task would remain essentially incomplete should one fail to mention the people whose constant guidance, support and encouragement helped to crown all the efforts with success.

Fervently and humbly, I acknowledge the genuine co-operation, inspiration and affection offered by my guide Dr. Syed Akheel Ahmed, Professor of Analytical Chemistry, Department of Studies in Chemistry, University of Mysore, Manasagangotri, Mysore, India right from the initiation of the work to the preparation of the manuscript. The present work bears at every stage the impression of his wise counsel and concrete suggestions and criticisms and of meticulous attention to details. It is indeed a rare privilege for me to work under his enduring inspiration and indomitable spirit.

I wish to express my sincere thanks to Prof. S.L Belagali, Professor and coordinator, department of studies in Environment Science, University of Mysore, Mysore for his constant encouragement during the course of my work. My sincere thanks are due to the present and past Chairpersons, Department of Studies in Chemistry, University of Mysore, Manasagangotri, Mysore, India for their cooperation and help during my research programme.
It gives me immense pleasure to express my deep sense of reverence and gratefulness to all the teachers in the Department of Studies in Chemistry, University of Mysore, Manasagangotri, Mysore, India for their commendable help to me for the successful completion of my task. I extend my humble appreciation to all the non-teaching staff of this Department for all the help they have rendered to me.

I acknowledge with gratitude the two chemist brothers Dr. Akmal Pasha, Scientist, CFTRI, Mysore and Dr. Afzal Pasha, Professor in Organic Chemistry, Central College, Bangalore University, Bangalore for their encouragement, help and valuable academic suggestions. I must also acknowledge with thanks the kind permission of the Librarian, CFTRI, Mysore and Librarian, Indian Institute of Science, Bangalore, for the assistance I have received from their Library staff.

I express my heartfelt thanks to my colleagues Dr. Bibi Abmadi Khatoon, Dr. S. Suresha, Dr. Libi Thomas, Dr. N.G. Keshavachar, Dr. S. Manjula, Mr. Riyadh Ahmed Al Okaba, Ms. Mohsina Begum, Mr. Salman Khan, Mr. Narasaraju Murthy ENK, Ms. Sunitha, Ms. Masoumeh Moghimi, Ms. Divya Thomas, Ms. Divya Sreejith and all other research scholars of the Department of Chemistry for their valuable and unselfish help in my endeavors.

It gives me immense pleasure to express my deep sense of reverence and gratefulness to Mrs. Ayesha Nasreen, Mr. Syed Raihan Taqui, Mr. Noemon and Mr. Usman for their kind help during my tenure as a research scholar.
It is right time to express my heartfelt thanks to my mother Mrs. Vijaya Kumari, my sister Major. Dr. Kanthi D A, brother-in-law Mr. Victor Ravi Prasad, my brother Praveen D A, father-in-law Mr. Paulraj and mother-in-law Mrs. Mary Grace, uncles, relatives and friends for their affectionate encouragement and blessings.

I know very well that these few words of expressing gratitude will be barely insufficient for all the encouragement and mental support I have received from my wife Mrs. Juliet P. I recall with love her wholehearted cooperation that has helped me to tide over the difficult tasks in my research works. Finally, I would like to thank my son M. Anthony Ashwin for reassuring adjustments during writing the thesis.

I thank Mr. M. Parashivamurthy and Mr. M. Rasheed Mahmood for the neat and accurate presentation of the thesis.

Manoharan D A
