ACKNOWLEDGEMENTS

It has been my privilege to carry out this investigation under the able guidance of Dr. Mahtab S. Bamji, M.Sc., Ph.D., Assistant Director, National Institute of Nutrition, Hyderabad. I wish to record here my sincere gratitude to her for her inspiring and valuable guidance, untiring interest and unstinted support most generously given at every stage of this work right up to the preparation of the thesis.

It gives me great pleasure to place on record my deep sense of gratitude to Dr. C. Gopalan, M.D., Ph.D., D.Sc., F.R.C.P.(E), F.A.Sc., F.N.A., F.A.M.S., Director-General, Indian Council of Medical Research, New Delhi, and Dr. S.G. Srikantia, B.Sc., M.B.,B.S., D.Sc., F.A.M.S., Director, National Institute of Nutrition, Hyderabad, for their keen interest, constant encouragement, and valuable suggestions during the course of this investigation.

I wish to thank Dr. Leela Iyengar, M.D., Dr. Veena Shatrujna, M.B.,B.S., and Dr. K. Rajalakshmi, M.B.,B.S., for their kind co-operation in providing the clinical material.

I am thankful to Dr. Ramesh V. Bhat, M.Sc.,Ph.D. for his help in the preparation of this thesis.

I am grateful to Parlakimedi Trust Fund for the award of a junior fellowship for two years during which period a part of the work was carried out.

June 4, 1976
Hyderabad.
