ACKNOWLEDGEMENT

It gives me immense pleasure to record my deep sense of gratitude and sincere thanks to my supervising teacher Dr. S. M. A. Shibli, for his keen interest and constant encouragement given throughout this work.

I would like to express my profound gratitude to Dr. P. Indrasenan, Dean, Faculty of Science (former Professor and Head, Department of Chemistry) University of Kerala for his kind encouragement and providing the necessary facilities during the tenure of this study. I take this opportunity to acknowledge my gratitude to Dr. K. N. Rajasekharan, Professor and Head, Department of Chemistry, University of Kerala, Dr. T. S. Anirudhan, Professor, Department of Chemistry, University of Kerala, Dr. K. Mohanan, Reader, Department of Chemistry, University of Kerala, and Dr. Jayasree, Technical Officer, Department of Chemistry, University of Kerala for their constant encouragement. I am also thankful to all non-teaching staffs in the Department of Chemistry.

I express my sincere thanks to Mr. Sreekumar, Technical Officer, Sree Chithra Tirunal Institute of Medical Science and Technology (SCTIMST), Thiruvananthapuram for taking EDXA and SEM analysis.

I am thankful to Dr. Annie John, Scientist, SCTIMST, Thiruvananthapuram for her helping mind in taking TEM analysis.

I extent my sincere thanks to Dr. Narasimhan Potti in the Department of Botany, University of Kerala, Thiruvananthapuram for helping me in taking the optical photos.
I am thankful to the Librarians of VSSC, Thiruvananthapuram, Kerala University Library, Thiruvananthapuram and Department Library, Department of Chemistry, Thiruvananthapuram for providing necessary facilities for collecting literature.

I am thankful to Dr. Anoop Krishnan, K., Research Associate, RRL, Thiruvananthapuram for helping me in taking the XRD analysis of my samples and providing necessary arrangements for collecting literature.

I express my special thanks to Mr. Dilimon, V. S., Research Scholar, Department of Chemistry for spending his valuable time for conducting the cyclic voltammetric analysis of my specimens and giving valuable suggestions.

I convey my thanks to Mr. D. Suresh Kumar, National Computer Centre, Kariavattom for providing necessary arrangements for the neat execution/typing of my thesis.

I also extend my sincere thanks to Dr. Manu, R., Dr. Jabeera, B., and Dr. Saji, V. S., Dr. Sony George, Mrs. Vineetha, V. R., Miss. Sobhi Daniel, Dr. Vinod, V. P., Mrs. Suma, N. D., Mrs. Suja Mathai, Miss. Jayalekshmi, A.C., Mr. Anilkumar, K., Mr. Francis Chacko, Mr. Binoj, K. K. and all other lab mates of Department of Chemistry, for helping me to complete this work.

I recall with love and fervent gratitude, the constant encouragement given to me by my brothers Mr. Binod Kumar, K.S. (late) and Mr. Bijukumar, K.S., Scientific Assistant, NTPC, Koodamkulam, Tamilnadu for completing my Ph.D. work. I express my hearty thanks to my grandmother Mrs. Bharathiamma, G. and my son Govind, G. B. for their immense motivation while doing my Ph. D. work.
I express sincere thanks to my husband, Dr. Gireesh, V. S., R&D Scientific Officer, KMML, Chavara, Kollam for his kind encouragement, constant inspiration and valuable suggestions given to me for the completion of my work.

Finally I express my sincere thanks to Mrs. Lathakumari, A. Pillai, Former Executive Engineer, Quality Control Division, Kerala water Authority, Thiruvananthapuram, for providing me valuable suggestions and giving opportunities to write my thesis.

Above all, I bow before God for all the blessings showered upon me during the course of my work.

BEENAKUMARI, K. S.
