Acknowledgements

With great pleasure and deep sense of gratitude, I like to offer sincere thanks to my guide Dr. Krishna G. Bhattacharyya, Professor, Department of Chemistry, Gauhati University, for his continuous supervision, sincere guidance, thoughtful suggestions and warm encouragement at every stage of my research work.

I am grateful to Prof. B. K. Das, Head, Department of Chemistry, Gauhati University for extending all necessary facilities for carrying out this work. I am acknowledging my gratitude to all the teachers of the Department of Chemistry, Gauhati University for their encouragement. I am also thankful to the non-teaching staff of this department for their help during the entire period of my work.

I am very thankful to the University Grants Commission, India for extending financial assistance in the form of a NET-JRF.

I am thankful to the Department of Chemistry, G.U for providing UV-VIS, GC-MS and BET facility, SAIF, G.U for XRF and XRD; SAIF, NEHU, Shillong for SEM, Biotech Park, Guwahati for GC-MS and Department. of Chemistry, B. Barooah College, Guwahati for FT-IR spectra of the catalyst samples.

I am also thankful to Basanti baideu, Hrishikesh da, Priyanka ba and Himashri who helped me in handling various instruments during my Ph.D. work.

I express my sincere thanks to my department seniors Suranjanaba, Nibeditaba, Bidyutda, Nirupamda, Mayurda, Provaba, Nayanda, Ranjanda, Gopi Sir, Gautam da, Purabi ba, Sumi ba, Upama ba, Bandana ba and my lab mates Sanjoy, Himani, Leena, Moonmoon, Smita, Manashi, Debolaxmi, Valantina, Rosy, Sewali, Sudeshna, Bichitra, Padmalochan, Pritadarshi, Manash for their constant support and encouragement during the course of the work, and all other co-workers of the Chemistry Department, Gauhati University, for their constant encouragement during the course of the work.

With core of my heart, I offer my love, admiration and respect to my parents, Sri Charu Chandra Deka and Srimati Bina Deka, who have been the unending source of inspiration of my research work and without their support and blessings, this work would not have been possible. I will be failing in my duty if I do not acknowledge the encouragement extended to me by my sisters and brother. I am especially indebted to Trinayan Barman, for his kind help, support and constant inspiration during my work.

Last but not the least; I am thankful to the Almighty, who has provided me sound health and strength to complete this work.

Bharati Deka
