ACKNOWLEDGEMENT

I am highly indebted to my research Supervisor, Prof. G. Nagendraappa, for his excellent guidance, training, fortitude, timely encouragement and for being extremely supportive throughout my Ph.D. tenure. I am thankful to him for introducing me to the intriguing and stimulating field of ion-pair complexes and catalysis. I am also grateful to him for teaching me both tolerance and systematic approach in the field of research.

I take it a great pleasure to express my sincere gratitude to Prof. B. Narayana Achar, chairman of the dept. of chemistry, Manasagangotri Mysore, for his inspiration and encouragement.

I take this opportunity to thank Prof. Rangappa, Prof. Anandamurthy, Prof. Rangaswamy, prof. Akheel Ahmed, Prof. Yathirajan, Prof. D. Channegowda, Dr. P. Nagaraj, Prof. Lokanath Rai, Dr. Nagaraja Nayak, Dr. Shashikant, Dr. Y.B Basavaraju, Dr. K. Basavaiah, Dr. Mohan. For their moral support and constant encouragement and my co-research scholars Mahadevaiah, M.D. Goutham, Suresha.M.S, Mansour.S.A, B.K. Jayanna, M. A. Sathish for their timely support during the course of my research work.

I wish to put across my deep sense of gratitude and wholehearted appreciation to Dr. K. Udayasankar, Scientist in CFTRI Mysore, for his permission to work under his assistance. I remember with gratitude the help and co-operation extended by V.D. Nagaraj, Subramanian, B. Manohar. I remain grateful to my colleagues and the members of the staff of Food Engineering Department CFTRI to their cooperation and encouragement.

I express my sincere thanks to Prof. N. Balasubramanian IIT Madras for the helpful discussion and suggestion.

I express my sincere thanks to Mr. P. Ramakrishna, A. Simon and Jose David, Tata Tea Ltd., Bangalore for their cooperation and encouragement.
I am extremely grateful to Smt. Vasantha, Joyce, A. Mary, Nirmala, Vijaya, Venkatesh, K. G. Sidhendra, L. Sjindran, K. N Prasad, Alfred, Kavitha, Geetha, Neema, Rashmi, Staff of the Teresian College Mysore for their cooperation and encouragement.

I acknowledge my sense of appreciation for the co-operation of the staff members, University Library, CFTRI Library Mysore and non-teaching staff of the Dept. of chemistry, Mysore.

I express my sincere thanks to Mr. Jagadeesh Prasad, Mangalore University for the moral support given to me.

I owe my special thanks to my friends, K. H. Sathish, N. Sunil, Vinay, Mahadevaswamy, Tyaga Raj, Swaroop, M. S. Vijaya Kumar, S. Shivakumar, K. N. Shiva Kumar, Ashvin, Bellappa, Ashok, T. M. Mohan Kumar, B. C. Somashekar, Devraj, V.S Arun, Bhaskar, Dr. K.S Lokesh, Dr. T.N. Kiran kumar, B.S Priya, Mamatha, C. S. Sangeetha, N. D. Vani, Kavitha, S. S. Suparshwa, Divakara, B.P Dayanad and Veena, for their kind words, sharing nature and help on different occasions during this investigation.

My deepest gratitude goes to my parents Neelamma and Sadashiva for bringing me up giving me a firm background and emotional strength that have enabled to do what I have been doing.

I wish to record my thanks to Smt. Saraswathi Nagendrappa for her tolerance and hospitality.

I gratefully and profoundly acknowledge the moral support and encouragement given by brothers, M. S. Hemanth Kumar and M. S. Vinod Kumar. I am ever grateful to them.

Finally, I greatly acknowledge the university of Mysore, Mysore for providing me the opportunity to undertake the present research work.

M. S. Yogendra Kumar.
