ACKNOWLEDGEMENT

I feel blessed to have spent golden time at Chemistry Department, Maharaja Krishnakumarsinhji Bhavnagar University, Bhavnagar working with, and around, the constant stream of discoveries coming from this small campus never fails to astound me. I would like to acknowledge everybody, who has made contribution to my academic journey. I will mention some of the more influential relationships I’ve made while pursuing my degree, but make no claim that this is a comprehensive list.

I ever feel short of words to express my heartfelt indebtedness to Dr. C K Modi, my supervising guide for his efficient guidance through the awesome path of research with immense patience. His invariable encouragement, prolific discussions and valuable suggestions at different stages were really a great motivation. He is truly a “Guru” for me in the peace of mind, hard work and patience towards others.

I would like to express my deep gratitude and sincere thanks to Prof. N C Desai, Head, Department of Chemistry for providing the necessary advice and facilities for carrying out my research work smoothly. The support and encouragement of Dr. T P Joshi, in the whole stages of my research work, was of immense help and I am extremely thankful to him for the same. I would also like to express my deepest gratefulness to Dr. J P Mehta, Dr. D R Godhani and all other staff members of the Department of Chemistry for their continuous encouragement and moral support, which eventually led me to this doctoral research work.

I recall with gratitude the selfless help and involvement of my lab mates Dr. Amit Dodia, Jiten Chudasama, Anand Jogel, Sohil Vadia, Ghanshyam Kotadia, Pravin Parmar, Kahan Pandya, Vivek Joshi, Hasit Vaghani, Purvesh Dobaria and Miss Kiran Rajpara whose eternal affection along with direct and indirect help led me on to achieve my destination successfully.

I express my deep gratitude towards my friends Dr. Sanjeev Gupta, Dr. Mihir Patel, Sanjay Gupta, Venu Mankad, Saurabh Trivedi, Arpan Shah, Devarshi Mehta, Hardik Joshi, Pradhuman Parmar, Dipen Gandhi, Brijesh Shah, Deep Joshi, Asif Dabbawala, Nishith Chudasama, Vipul Agola, Mohit Bhatt, Rahul Singh, Chintan Chhatrola, Nilesh Parmar, Dhaval Acharya, Nishant Pandya, Parth Mehta, Yagnav Suthar, Dr. Uday, Himadri Soni, Mrs. Nikita Rathod and many more for enriched my life through their help, love and long-standing friendship.

I heartily wish to express my special thanks to Mrs. Tejal C Modi, for their affectionate care and assist throughout my research work. Thanks are also due to her kind words and encouragement.
I am incalculably grateful to Prof. Prafulla K Jha, Department of Physics, M. K. Bhavnagar University, Bhavnagar, for providing me Computational Laboratory facilities during my research work.

I am happy to acknowledge the University Grant Commission (UGC), New Delhi, INDIA for financial support in terms of BSR meritorious fellowship [UGC Ref No: F.4-1/2006 (BSR)/11-8/2008 (BSR)].

It’s my immense pleasure to acknowledge all my family members, my great papa Mr. Mukund L Trivedi, my lovely mom Mrs. Bhavna M Trivedi, Shubh, Hiral, Dr. Rajiv Vaidya, Hetal bhabhi, my grandfather and grandmother without them, or their support overlooking my faults and valuable constructive criticisms. "Words run short when the heart is full of emotions". I am forever grateful to them for showing me the value of education. Thanks to all my relatives, who put up with my absence in special occasions during these years of my doctoral studies!

Despite all the support and help I have received, I am solely responsible for any mistakes herein. At last, I would like to share the great thought of Swami Vivekananda, "Strength is Life, Weakness is Death".

Above all my praises are due to God, without the grace of whom the whole episode would have had reduced to nothing.
