</table>
3.15 Comparative statement of the legal forest area and vegetative cover

4.1 Districtwise distribution of area under seasonal, annual & Perennial crops in Kerala (1983-1984)

4.2 Area under important crops in Kerala (based on annual average for 1973-1984)

4.3 Net area, total cropped area and cropping intensity in Kerala (between 1957-58 and 1984-85)

4.4 Landuse orientation in Kerala

4.5 First ranking crops in the districts of Kerala

4.6 Second ranking crops in the districts of Kerala

4.7 Third ranking crops in the districts of Kerala

4.8 Fourth ranking crops in the districts of Kerala

4.9 Fifth ranking crops in the districts of Kerala

4.10 Sixth ranking crops in the districts of Kerala

4.11 Seventh ranking crops in the districts of Kerala

4.12 Maximum and minimum percentage of crop area under different crop ranking in Kerala

4.13 Districtwise crop concentrations in the order of Magnitude

4.14 Distribution of area under different land types of Kuttanad region

4.15 District-wise crop diversification of Kerala

4.16 District-wise crop diversification of Kerala in 1974 and 1984

4.17 District-wise crop combination of Kerala (Weaver's)

4.18 District-wise crop combination (maximum positive deviation)

4.19 Crop combination regions in Kerala by Weaver's Method
4.20 Crop combination regions in Kerala by maximum positive deviation method

4.21 Main crop combination regions in Kerala by Weaver's (W) and maximum positive deviation (MPD) methods

4.22 Comparison between area, production and irrigation of paddy (percentage)

4.23 Comparison between area, production and irrigation of coconut (percentage)

4.24 Comparison between area, production and irrigation of Tapioca

4.25 Comparison between area, production and irrigation of rubber (percentage)

4.26 Comparison between area, production and irrigation of cashew (percentage)

4.27 Comparison between area, production and irrigation of pepper (percentage)

4.28 Comparison between area, production and irrigation of arecanut (percentage)

4.29 Comparison between area, production and irrigation of banana (percentage)

4.30 Comparison between area, production and irrigation of cardamom (percentage)

4.31 Comparison between area, production and irrigation of coffee (percentage)

4.32 Comparison between area, production and irrigation of tea (percentage)

4.33 Comparison between area, production and irrigation of pulses

4.34 Percentage change in cropwise area between 1980-1984

4.35 Relative yield of paddy in Kerala

4.36 Relative spread index of paddy crop in Kerala

4.37 Surplus/deficit of cereals and pulses for 1981
5.1 Villages in Kuttiyadi river basin
5.2 Village in different physiographical zones of Kuttiyadi basin
5.3 Geomorphic features in Kuttiyadi river basin of Kerala state
5.4 Laws of drainage composition
5.5 Stream order, number, length, length ratio and bifurcation ratio
5.6 Estimated regression equations
5.7 Areal aspects of basin and sub-basins of Kuttiyadi
5.8 Frequency distribution of slope values
5.9 Linear aspects of basin/sub-basin of Kuttiyadi river
5.10 Soils series in the Kuttiyadi command area
5.11 Irrigability classification of command area
5.12 Physico-chemical properties, organic carbon and micronutrients (Mn, Zn, On) of soils under paddy and coconut cropland in the Kuttiyadi command area
5.13 Average monthly rainfall in physiographical zones of Kuttiyadi basin
5.14 Important climatological parameters for Kuttiyadi basin/command area
5.15 Water-logging areas and cultivation practices in the village of Kuttiyadi basin
5.16 Source of water in the village of Kuttiyadi basin
5.17 Cropping pattern of Kuttiyadi river basin
5.18 Percentage monthly requirements of water for paddy
5.19 Villagewise main categories of occupational composition in Kuttiyadi basin
5.20 Villagewise manland ratio of Kuttiyadi basin-1971-1981
5.21 Percentage distribution of number and area of operational holdings in different size class of Kuttiyadi basin

5.22 Percentage distribution of operational landholdings in different physiographical zones of Kuttiyadi basin

6.1 Village-wise land use in Kuttiyadi basin - Period 1

6.2 Village-wise land use in Kuttiyadi basin - Period 2

6.3 Landuse orientation in Kuttiyadi basin - Period 1

6.4 Landuse orientation in Kuttiyadi basin - Period 2

6.5 Village-wise ranking of crops in Kuttiyadi basin Period 1

6.6 Village-wise ranking of crops in Kuttiyadi basin Period 2

6.7 Ranking based crop regions in Kuttiyadi basin

6.8 Maximum and minimum percentage of crop area under different crop ranking in villages of Kuttiyadi basin

6.9 First three crops in Kuttiyadi river basin period 1

6.10 Village-wise crop concentration of Kuttiyadi basin

6.11 Village-wise crop diversification of Kuttiyadi basin

6.12 Village-wise crop combination of Kuttiyadi basin (Weaver's method)

6.13 Crop Combination wise distribution of villages in Kuttiyadi basin - Period 1 (Weaver's method)

6.14 Combination wise distribution of villages in Kuttiyadi basin - Period 2 (Weaver's method)

6.15 Village-wise crop combination (Kuttiyadi river basin) MPD method

6.16 Crop combination wise distribution of villages in Kuttiyadi basin - Period 1 (MPD method)

6.17 Crop combination wise distribution of villages in Kuttiyadi basin - Period 2 (MPD method)
