ACKNOWLEDGEMENTS

First of all, I would like to express my extreme gratitude to my thesis advisor and guide Dr. S. Chandrasekhar, FNASc, FASc, Chief Scientist & Head, Division of Natural Products Chemistry, Indian Institute of Chemical Technology for his unwavering support, enthusiasm and general concern for my development as an organic chemist. It has been a great privilege to work and learn as a part of his research group. I am very grateful for this incredible learning experience.

My sincere thanks to Bhatnagar Laureate Dr. J. S. Yadav, FNA, Director, IICT for allowing me to join in this institute and support throughout my research period.

I express my special thanks to Dr. J. Madhusudhana Rao, ex. Head of Organic Chemistry Division-I for his constant support throughout the period. I take this opportunity to thank Dr. Ch. Raji Reddy, Dr. Prathama, Dr. P. Srihari, Dr. Saibal Das and Dr. K. Venkatram Reddy for their help and encouragement during my Ph.D tenure.

My hearty thanks to Mrs Bharathi Chandrasekhar and Bhargava for showering an invaluable family affection on me. Their support and encouragement all throughout of my Ph.D is gratefully acknowledged.

I take this opportunity to thank all my senior colleagues, Dr. Jagadeswar, Dr. Nagendra babu, Dr. Shameem, Dr. Krishnam Raju, Dr. Saritha, Dr. Vijendar, Dr. Padmavani, Dr. Nagalaxmi, Dr. Lohitha Rao, Dr. Rambabu, Dr. Ravinder, Dr. Sunita, Dr. Srinivasa Rao, Dr. Trwari, Dr. Basu, Dr. Bibuthi, Dr. Pavan kumar reddy, Dr. Kiranmai, Dr. Phani Madhavai, Dr. Prem Kumar, Dr. Somiah and Dr. Ruchi for their unreserved help and suggestions.

I take this opportunity to thank all of my M. Sc. classmates Chandra Mouli, K. Srinivas Reddy, R. S. Chandra kumar, Raghu, P. Srinivas Reddy, Rambabu, Narsimha, Ramulu, Ramesh,
Badri, Nagaraju, Ramesh, BED Srinivas, Mattaiah, Raju, Chary, An cle Ramesh, Hanmanth, Bharath and Mallesh for their constant support.

I thank all my colleagues belonging to DRL-III, Discovery lab, DOSL, Mass and NMR division of IICT for their help and support.

I express my wholehearted appreciations to my dearest friends Evolva Vijay, Prasad, Murali, Naresh, Shiva, Srikanth, Narahari, Srinivas, Ravindhar, Vidyasagar and Ramana for their help and encouragement.

It is impossible task to mention every individuals name and his /her contribution to my career at IICT. I thank all of them personally.

I must thank the most important people in my life, my family. I am nothing without them. Words are not enough to express my thanks to my Parents. My father Bhoomanna and mother Laxmi have sacrificed everything for sake of happiness in my life. Their blessings and care always gave me new zeal and enthusiasm to do something more with perfection. At this juncture, today I dedicate my thesis to my Parents.

My wife Sunitha and son Srichandan Reddy are part of my life to take off all my tensions and share their happiness. My friend Srinivas Reddy, sisters Suguna and Rajitha, brother-in-laws Lingareddy and Ramreddy are my best mentors and biggest pillars of support. My little thanks go to my son-in-laws Manoj Reddy, Harish Reddy, Anil Reddy and Vinod Reddy, daughter-in-law Indu who have been a source of relief while I am away from the work.

I am thankful to Krishna Rao, Sharma, Murali, Srilatha, Madhuri, Rekha, Manjula, Raju, Sukumar, Haribabu, Rajendra Prasad and Raju (HRMS) for their excellent technical support.

The assistance rendered by NMR, Mass, X-Ray other analytical divisions, administration and library is gratefully acknowledged.

Financial assistance from the Council of Scientific and Industrial research (CSIR) New Delhi and IICT, Hyderabad in the form of fellowship is gratefully acknowledged.

Finally, I thank the Director, IICT for allowing me to submit this thesis.
