<td>Showing enrolment, dropout and retention of total tribal and non-tribal students</td>
<td>82</td>
</tr>
</tbody>
</table>
4.1.7. Showing enrolment, dropout and retention of lower primary (I-IV) tribal and non-tribal students

4.1.8. Showing enrolment, dropout and retention of upper primary (V-VII) tribal and non-tribal students

4.1.9. Showing enrolment, dropout and retention of tribal girls and non-tribal girls class-wise

4.2.1. Showing category-wise frequencies and percentages of schools

4.2.2. Showing strength of students in schools

4.2.3. Showing the strength of teachers in schools

4.2.4. Tribe and school-wise classification of sampled tribal girls

4.2.5. Showing the distribution of teachers with their background variable

4.2.6. Showing frequency and percentage in respect of problems faced by the teachers

4.2.7. Showing frequency and percentages of responses of teachers regarding tribal girls education

4.2.8. Showing the opinion of teachers about the level of comprehension of tribal students

4.2.9. Showing opinion of teachers about reasons for poor performance of tribal students

4.2.10. Showing opinions of teachers about participation of tribal children in co-curricular activities

4.2.11. Showing the hindrances in the education of tribal girls

4.2.12. Showing teachers' opinion on non enrolment of tribal girls

4.2.13. Showing opinion of teachers in reasons for dropout of tribal girls

4.2.14. Showing teachers opinion about achievement of tribal children

4.2.15. Showing opinions of teachers about achievement of tribal children

4.2.16. Showing opinions of teachers about educational level of different tribes
4.2.17. Significance of 't' between government and private schools in respect of enrolment of tribal girls

4.2.18. Showing 't' values between government and private schools in respect of enrolment of tribal and non-tribals

4.2.19. Significance of 't' between government and private schools in respect of dropout of tribal girls

4.2.20. Showing 't' values between government and private schools in respect of dropout of tribal and non-tribals

4.2.21. Significance of 't' between government and private schools in respect of retention of tribal girls

4.2.22. Showing 't' values between government and private schools in respect of retention and tribal and non-tribals

4.2.23. Significance of 't' between government and private schools in respect of achievement of tribal girls

4.2.24. Showing 't' values between government and private schools in respect of achievements of tribal and non-tribals

4.2.25. Significance of 'F' between categories of type of school – hostel in respect of enrolment of tribal girls

4.2.26. Showing values of 'F' between different categories of type of school hostel in respect of enrolment of tribal and non tribal students

4.2.27. Significance of 'F' between categories of type of school – hostel in respect of dropout of tribal girls

4.2.28. Showing values of 'F' between different categories of type of school hostel in respect of dropout of tribal and non tribal students

4.2.29. Significance of 'F' between categories of type of school – hostel in respect of retention of tribal girls

4.2.30. Showing values of 'F' between different categories of type of school hostel in respect of retention of tribal and non tribal students

4.2.31. Significance of 'F' between categories of type of school – hostel in respect of achievement of tribal girls

4.2.32. Showing values of 'F' between different categories of type of school hostel in respect of achievement of tribal and non tribal students
4.2.33. Significance of ‘F’ between categories of type of school - locale in respect of enrolment of tribal girls

Showing values of ‘F’ between different categories of type of school - locale in respect of enrolment of tribal and non tribal students

4.2.34. Significance of ‘F’ between categories of type of school - locale in respect of enrolment of tribal and non tribal students

4.2.35. Significance of ‘F’ between categories of type of school - locale in respect of dropout of tribal girls

Showing values of ‘F’ between different categories of type of school locale in respect of dropout of tribal and non tribal students

4.2.36. Significance of ‘F’ between categories of type of school - locale in respect of dropout of tribal and non tribal students

4.2.37. Significance of ‘F’ between categories of type of school - locale in respect of retention of tribal girls

Showing values of ‘F’ between different categories of type of school - locale in respect of retention of tribal and non tribal students

4.2.38. Significance of ‘F’ between categories of type of school - locale in respect of retention of tribal and non tribal students

4.2.39. Significance of ‘F’ between categories of type of school - locale in respect of achievement of tribal girls

Showing values of ‘F’ between different categories of type of school - locale in respect of achievement of tribal and non tribal students

4.2.40. Significance of ‘F’ between categories of type of school - locale in respect of achievement of tribal and non tribal students

4.2.41. Significance of ‘F’ between categories of school - physical facilities in respect of enrolment of tribal girls

Showing values of ‘F’ between different categories of school physical facilities in respect of enrolment of tribal and non tribal students

4.2.42. Significance of ‘F’ between categories of school physical facilities in respect of enrolment of tribal and non tribal students

4.2.43. Significance of ‘F’ between categories of school physical facilities in respect of dropout of tribal girls

Showing values of ‘F’ between different categories of school physical facilities in respect of dropout of tribal and non tribal students

4.2.44. Significance of ‘F’ between categories of school physical facilities in respect of dropout of tribal and non tribal students

4.2.45. Significance of ‘F’ between categories of school physical facilities in respect of retention of tribal girls

Showing values of ‘F’ between different categories of school physical facilities in respect of retention of tribal and non tribal students

4.2.46. Significance of ‘F’ between categories of school physical facilities in respect of retention of tribal and non tribal students

4.2.47. Significance of ‘F’ between categories of school - physical facilities in respect of achievement of tribal girls
4.2.48. Showing values of ‘F’ between different categories of school physical facilities in respect of achievement of tribal and non-tribal students

4.2.49. Significance of ‘F’ between categories of school academic facilities in respect of enrolment of tribal girls

4.2.50. Showing values of ‘F’ between different categories of school academic facilities in respect of enrolment of tribal and non-tribal students

4.2.51. Significance of ‘F’ between categories of school academic facilities in respect of dropout of tribal girls

4.2.52. Showing values of ‘F’ between different categories of school academic facilities in respect of dropout of tribal and non-tribal students

4.2.53. Significance of ‘F’ between categories of school academic facilities in respect of retention of tribal girls

4.2.54. Showing values of ‘F’ between different categories of school academic facilities in respect of retention of tribal and non-tribal students

4.2.55. Significance of ‘F’ between categories of school academic facilities in respect of achievement of tribal girls

4.2.56. Showing values of ‘F’ between different categories of school academic facilities in respect of achievement of tribal and non-tribal students

4.2.57. Showing the opinion of sampled tribal girls about schooling

4.2.58. Showing the opinion of tribal girls about the class experiences

4.2.59. Showing the opinion about the general assistance for studies; from Government

4.2.60. Showing the opinion of students about their relations between students

4.2.61. Showing values of ‘F’ between different tribe categories of sample tribal girls in respect of achievement

4.2.62. Showing values of ‘F’ between different schools in respect of achievement of sample tribal girl students
4.2.63. School-wise means of tribal girls in respect of achievement

4.2.64. Showing values of 'F' between different class wise sampled tribal girls in respect of achievement

4.2.65. Showing values of 't' between interest in studies in respect of achievement of tribal girl students

4.2.66. Showing the value of 't' between age wise in respect of achievement of sampled tribal girls

4.2.67. Showing the value of 't' between tribe and non tribe total sample in respect of achievement

4.2.68. Showing the values of 't' between tribal and non tribal girls in respect of achievement

4.2.69. Showing the values of 't' between tribal boys and tribal girls in respect of their achievement

4.3.1. Showing the demographic background of parents

4.3.2. Showing opinions of parents on present system of education and the impact

4.3.3. Showing frequencies and percentages of responses of parents in respect of difficulties

4.3.4. Showing the frequencies and percentages of responses of parents in respect of girls education

4.3.5. Showing the frequencies and percentages of responses of parents in respect of academic help

4.3.6. Showing the frequencies and percentage of details of land and occupation of parents

4.3.7. Showing the frequencies and percentage of housing conditions of the sampled parents

4.3.8. Showing the frequencies and percentage in respect of timings of food, illness among children

4.3.9. Significance of 'F' between categories of level of education of parents in respect of enrolment of tribal girls

4.3.10. Significance of 'F' between categories of level of education of parents in respect of dropout of tribal girls

4.3.11. Significance of 'F' between categories of level of education of parents in respect of retention of tribal girls
4.3.12. Significance of 'F' between categories of household factors of level of education of parents in respect of achievement of tribal girls

4.3.13. Significance of 'F' between categories of occupation of parents in respect of enrolment of tribal girls

4.3.14. Significance of 'F' between categories of occupation of parents in respect of dropout of tribal girls

4.3.15. Significance of 'F' between categories of occupation of parents in respect of retention of tribal girls

4.3.16. Significance of 'F' between categories of occupation of parents in respect of achievement of tribal girls

4.3.17. Significance of 'F' between categories of housing facilities in respect of enrolment of tribal girls

4.3.18. Significance of 'F' between categories of housing facilities in respect of dropout of tribal girls

4.3.19. Significance of 'F' between categories of housing facilities in respect of retention of tribal girls

4.3.20. Significance of 'F' between categories of housing facilities in respect of achievement of tribal girls

4.3.21. Significance of 'F' between categories of habits of parents in respect of enrolment of tribal girls

4.3.22. Significance of 'F' between categories of habits of parents in respect of dropout of tribal girls

4.3.23. Significance of 'F' between different categories of habits in respect of retention of tribal girls

4.3.24. Significance of 'F' between categories of habits of parents in respect of achievement of tribal girls

4.3.25. Significance of 'F' between categories of after school activities in respect of enrolment of tribal girls.

4.3.26. Significance of 'F' between categories of after school activities in respect of dropout of tribal girls

4.3.27. Significance of 'F' between different categories of habits in respect of retention of tribal girls

4.3.28. Significance of 'F' between categories of after school activities in respect of achievement of tribal girls
4.3.29. Significance of ‘F’ between categories of strictness of parents in respect of enrolment of tribal girls.

4.3.30. Significance of ‘F’ between categories of strictness of parents in respect of dropout of tribal girls.

4.3.31. Significance of ‘F’ between different categories of strictness of parents in respect of retention of tribal girls.

4.3.32. Significance of ‘F’ between categories of strictness of parents in respect of achievement of tribal girls.

4.3.33. Significance of ‘F’ between categories of procuring the books in respect of enrolment of tribal girls.

4.3.34. Significance of ‘F’ between categories of procuring books in respect of dropout of tribal girls.

4.3.35. Significance of ‘F’ between different categories of procuring books in respect of retention of tribal girls.

4.3.36. Significance of ‘F’ between categories of procuring books in respect of achievement of tribal girls.

4.3.37. Significance of ‘F’ between categories of difficulty in studies in respect of enrolment of tribal girls.

4.3.38. Significance of ‘F’ between categories of difficulty in studies in respect of dropout of tribal girls.

4.3.39. Significance of ‘F’ between different categories of difficulty in studies in respect of retention of tribal girls.

4.3.40. Significance of ‘F’ between categories of difficulty in studies in respect of achievement of tribal girls.

4.4.1. Showing the distribution of community members and their background variable.

4.4.2. Showing the age range of community members.

4.4.3. Showing frequencies and percentages of responses of community heads regarding tribal education.

4.4.4. Showing the suggestions given by community heads to promote the tribal education.

4.4.5. Significance of ‘t’ between communities with Anganwadi and without Anganwadi in respect of enrolment of tribal girls.
4.4.6. Showing ‘t’ values between community with Anganwadi and without Anganwadi in respect of enrolment of tribals and total tribals

4.4.7. Significance of ‘t’ between with Anganwadi and without Anganwadi in respect of dropout of tribal girls

4.4.8. Showing ‘t’ values between community with Anganwadi and without Anganwadi in respect of dropout of tribal boys and total tribals

4.4.9. Significance of ‘t’ between community with Anganwadi and without Anganwadi in respect of retention of tribal girls

4.4.10. Showing ‘t’ values between community with Anganwadi and without Anganwadi in respect of retention of tribal boys and total tribals

4.4.11. Significance of ‘t’ between communities with Anganwadi and without Anganwadi in respect of achievement of tribal girls

4.4.12. Significance of ‘t’ between community with non-formal centres and without non-formal centres in respect of enrolment of tribal girls

4.4.13. Showing ‘t’ values between community with non-formal centres and without non-formal centres in respect of enrolment of tribals and total tribals

4.4.14. Significance of ‘t’ between with non-formal centres and without non-formal centres in respect of dropout of tribal girls

4.4.15. Showing ‘t’ values between community with non-formal centres and without non-formal centres in respect of dropout of tribal boys and total tribals

4.4.16. Significance of ‘t’ between community with non-formal centres and without non-formal centres in respect of retention of tribal girls

4.4.17. Showing ‘t’ values between community with non-formal centres and without non-formal centres in respect of retention of tribal boys and total tribals

4.4.18. Significance of ‘t’ between communities with non-formal centres and without non-formal centres in respect of achievement of tribal girls
4.4.19. Significance of ‘t’ between communities with NGO and without NGO in respect of enrolment of tribal girls
  Showing ‘t’ values between communities with NGO and without NGO in respect of enrolment of tribals and total tribals

4.4.20. Significance of ‘t’ between communities with NGO and without NGO in respect of dropout of tribal girls
  Showing ‘t’ values between communities with NGO and without NGO in respect of dropout of tribal boys and total tribals

4.4.21. Significance of ‘t’ between communities with NGO and without NGO in respect of retention of tribal girls
  Showing ‘t’ values between communities with NGO and without NGO in respect of retention of tribal boys and total tribals

4.4.22. Significance of ‘t’ between communities with NGO and without NGO in respect of achievement of tribal girls

4.4.23. Significance of ‘t’ between communities with VEC and without VEC in respect of enrolment of tribal girls
  Showing ‘t’ values between communities with VEC and without VEC in respect of enrolment of tribals and total tribals

4.4.24. Significance of ‘t’ between communities with VEC and without VEC in respect of dropout of tribal girls
  Showing ‘t’ values between communities with VEC and without VEC in respect of dropout of tribal boys and total tribals

4.4.25. Significance of ‘t’ between communities with VEC and without VEC in respect of retention of tribal girls
  Showing ‘t’ values between communities with VEC and without VEC in respect of retention of tribal boys and total tribals

4.4.26. Significance of ‘t’ between communities with VEC and without VEC in respect of achievement of tribal girls

4.4.27. Significance of ‘t’ between communities with tribal member of community participation in parents meeting and without participation in respect of enrolment of tribal girls
4.4.34. Showing 't' values between communities with tribal member of community participation in parents meeting and without participation in respect of enrolment of tribals and total tribals

Significance of 't' between communities with tribal member of community participation in parents meeting and without participation in respect of enrolment of total tribals

4.4.35. Showing 't' values between communities with tribal member of community participation in parents meeting and without participation in respect of dropout of tribal girls

Significance of 't' between communities with tribal member of community participation in parents meeting and without participation in respect of dropout of tribal boys and total tribals

4.4.36. Showing 't' values between communities with tribal member of community participation in parents meeting and without participation in respect of retention of tribal girls

Significance of 't' between communities with tribal member of community participation in parents meeting and without participation in respect of retention of tribal boys and total tribals

4.4.37. Showing 't' values between communities with tribal member of community participation in parents meeting and without participation in respect of achievement of tribal girls

Significance of 't' between communities with tribal member of community participation in parents meeting and without participation in respect of achievement of total tribals

4.4.38. Significance of 'F' between categories of VEC involvement in respect of enrolment of tribal girls

Showing values of 'F' between different categories of VEC involvement in respect of enrolment of tribals and total tribals

4.4.39. Significance of 'F' between categories of VEC involvement in respect of dropout of tribal girls

Showing values of 'F' between different categories of VEC involvement in respect of dropout of tribals and total tribals

4.4.40. Significance of 'F' between categories of VEC involvement in respect of retention of tribal girls

Showing values of 'F' between different categories of VEC involvement in respect of retention of tribals and total tribals
Showing values of ‘F’ between different categories of VEC involvement in respect of retention of tribals and total tribals

4.4.46.

4.5.1. Showing the demographic details of dropouts

4.5.2. Showing details of failures among dropouts

4.5.3. Showing details of classes and years of discontinuation among dropout

4.5.4. Showing the reasons for leaving the school

4.5.5. Showing responses of dropouts in respect of their opinion about continuation of studies

4.5.6. Showing details about job / work status of dropouts

4.5.7. Showing demographic details of parents of dropout children

4.5.8. Showing the demographic details of dropouts

4.5.9. Showing the frequencies and percentages of responses of parents in respect of girls education academic help

4.5.10. Showing the demographic details of dropouts

4.5.11. Showing the frequencies and percentage of housing condition of parents
