ACKNOWLEDGEMENT

At the outset, I express my heartiest gratitude to God for steering me to pursue Ph. D and his constant blessing during Ph.D. research work.

I put on record my sincere thanks to Prof. (Dr.) Shyam S. Pattnaik, Head, Educational Television Centre, National Institute of Technical Teachers Training and Research, Chandigarh for his valuable and skillful guidance throughout the progress of research work. His inspiration, cooperation, observation, suggestions, advice and motivation helped me to complete the research work and without which it would not have been possible.

I feel extremely pride in extending my gratefulness to Prof. (Dr.) B. S. Sohi, Campus Director, Surya Schools of Engineering and Technology, Bapror, Rajpura, Panjab for his guidance, cooperation, professional advice and suggestions throughout my the research work.

I express my honest gratitude to Dr. S. Devi, Associate Professor, Electronics and Communication Dept. National Institute of Technical Teachers Training and Research, Chandigarh, Dr. B. K. Panigrahi, Associate Professor, Electrical Engineering Dept. Indian Institute of Technology, New Delhi, Dr. Sanjoy Das, Associate Professor, Electrical and Computer Engineering, Kansas State University, Manhattan, USA, Dr. R. K. Ratho, Professor and Head, Virology Dept., Postgraduate Institute of Medical Education and Research, Chandigarh and reviewers of Journals/Conferences for giving valuable suggestions to improve the technical quality of research paper published.

I am also thankful to Director, National Institute of Technical Teachers Training and Research, Chandigarh, Members of Academic Cell, Director of Technical Education, Maharashtra, Principal and Head Electronics Dept. P. L. Government Polytechnic, Latur, Maharashtra, for giving me opportunity to pursue the Ph. D.
I express my sincere gratitude to Dean, Faculty of Engineering, Research Degree Committee Members and Research Board Committee Members of Punjab University, Chandigarh for their support during my thesis work.

I dedicate this work to my wife Mallika, son Anvesh and daughter Akhila for shouldering the responsibilities, managing home, and pursuing their studies in my absence. I would be failing in my duty if I do not thank my dear parents, brothers, sisters, sister-in law, brother-in-law and mother-in-law for their continuous support to acquire this small piece of knowledge.

At last but not the least, I acknowledge the immense contribution of many individuals who have been directly or indirectly helped me during this research work.
