ACKNOWLEDGMENTS

With deep sense of gratitude, I acknowledge my indebtedness to Dr. C. K. Atal*, M. Pharm., Ph.D. (Conn.), Reader in Pharmacognosy, Department of Pharmacy, Panjab University, Chandigarh, for his keen interest, active and mature guidance throughout the course of investigations. I am very thankful to him for his valuable suggestions and helpful criticism.

I wish to express my sincere thanks to Dr. K. N. Gaind, M. Sc., Ph.D., F.R.I.C., A.I.I.Sc., Head of the Pharmacy Department, Panjab University, Chandigarh, for constant encouragement, keen interest and providing facilities to carry out the research work.

I am greatly obliged to Dr. C. C. J. Culvenor of C.S.I.R.O., Melbourne (Australia) for his most valuable suggestions, generous help in running gas chromatography, IR and NMR spectra of our few compounds and for supplying many authentic reference samples.

* At present Assistant Director, Regional Research Laboratory, C.S.I.R., JAMMU.
My thanks are also due to Dr. Roger Adams of the University of Illinois, Urbana, Illinois, for supply of few authentic samples of alkaloids. I am also indebted to Dr. W. G. Bywater of S. B. Penick and Co., New York and Dr. M. W. Klohs of Riker Laboratories, California, for supplying analytical data.

Dated the 18th. Sept., 1964. (M. L. Sethi)
