ACKNOWLEDGEMENTS

There are times when limitations of language are but obvious to describe the true feelings and emotions go beyond words, still I would like to take this opportunity to place on record my sincerest thanks to all those who have been instrumental in completion of this work.

It gives me pleasure to express my heartiest gratitude to my esteemed and worthy teacher and Chief Supervisor Dr R.L. Narang, Professor and Head, Department of Psychiatry, Dayanand Medical College & Hospital for his invaluable guidance, constant inspiration, perceptual supervision and the keen interest throughout from planning to the execution of this study.

I am highly grateful to Dr Gagandeep Singh, Consultant Neurologist, Department of Neurology (Medicine), Dayanand Medical College & Hospital for his patience, kind co-operation and masterly advice.

I am thankful to my respected teacher, Dr Rajeev Gupta, Reader, Department of Psychiatry for his constant encouragement and tender attitude throughout this endeavour.

I am deeply indebted to the consultants of the Department of Psychiatry Dr Ranjeev Mahajan, Dr Vinay Gupta and especially to Dr B.P. Mishra who have inspired me for excellence through both healthy criticism and guidance at every difficult conjuncture.

My thanks are due to my colleagues and friends Dr Deepak Nanda, Dr Nitesh Mohan, Dr Raj Kumar, Dr Kanwár Ajit S. Sidhu, Dr Gurinder Sachdeva, Dr Sanjeev Sharma, Dr Narinder and Dr Vandana for their never failing support in anything.

I thank the whole staff of the Department of Psychiatry, Dayanand Medical College and Hospital, Ludhiana for their much needed co-operation.

I must humbly acknowledge the support and inspiration provided by my family in carrying out this work.

Thank you God for everything.

(HARSIMRAT SINGH SANDHU)
