Acknowledgements

It is my proud privilege to express my sincere thanks and deep sense of gratitude to my esteemed and revered supervisor Dr. J.N. Roy, Scientist/Engineer G, Department of Space, Semiconductor Laboratory, Mohali and former Professor, University Centre for Instrumentation and Microelectronics, Panjab University, Chandigarh for his valuable guidance, concrete and constructive scholarly comments and persistent encouragement during the period of this study which enabled me to complete the present work. Throughout the period of study, he critically evaluated my work and always encouraged and inspired me to give my best. I am extremely thankful to him for examining the draft of each chapter many times and giving invaluable suggestions. He trained me for analyzing the various problems confronting me relating to the study and helped me in understanding the complex issues beyond the usual literature and text available. I am deeply indebted to him for the continuous help and guidance he gave to me from time to time.

I would like to record my sincere thanks to Prof. R.C. Sobti, Vice Chancellor, Panjab University, Chandigarh for giving me all round support and help from time to time.

I record my sincere thanks to our Director, Professor Akhtar Mahmood, University Center for Instrumentation and Microelectronics, Panjab University, Chandigarh for his continuous encouragement and facilitating me to pursue my research in the Department.

My heartiest thanks also go to our former Directors, Professor T.R. Bharadwaj and Prof. S.C. Bedi, UCIM, Panjab University, Chandigarh for their all round support and motivation.
My special thanks go to Dr. D.N. Singh, President, Titan Energy System Ltd. Secunderabad and former Professor, Bharti Chair, University Institute of Engineering and Technology (UIET), Panjab University, Chandigarh for useful discussions, encouragement and time to time help in the completion of the thesis.

I am greatly obliged to the Faculty of UCIM, Panjab University, Chandigarh, Faculty of Department of Physics and in particular Dr. Navdeep Goel, Panjab University, Chandigarh, Faculty of Department of Electronic Science, Kurukshetra University, Kurukshetra, and in particular Dr. B. Prasad for useful discussions and scholarly comments, Faculty of University of Delhi, Indian Institute of Technology, New Delhi and Kanpur and CEERI, Pilani.

I am equally grateful to the library staff of these Universities and Institutes for providing me access to various books and journals relevant to the research carried out in the thesis.

I have no words to express my gratitude to the staff and in particular Mr. Harpinder Singh, and scientists of Semiconductor Laboratory, Department of Space, SAS Nagar, Mohali, Punjab for helping me from time to time in the completion of the thesis.

Last but not the least I feel highly indebted to my parents and all members of my family for their continuous encouragement during the period of the study without which it would not have been possible for me to complete this work satisfactorily.

Dated: 6/8/08

Amit Chaudhry
