ACKNOWLEDGEMENT

SOCIO – ECONOMIC CONDITIONS OF THE TRIBALS OF DINDIGUL DISTRICT – A Study forms the title of the thesis. In this study, I am trying to identify the status of the tribes of Dindigul district, their Socio – economic conditions, welfare programmes of Government and Non-Governmental organisations and problems and remedial measures for improving their status. No doubt it is a fascinating study. While realising the objective of the study empirical data based on field survey is collected. Though attempts have been made to describe the conditions of tribal women, no masterpiece has been brought out in this area. In this humble endeavour, I am indebted to many people.
