ACKNOWLEDGEMENT

The author wishes to express his deepest sense of gratitude to Dr. S. Ranganathan, Professor and Head, Division of Dairy Bacteriology, National Dairy Research Institute, Karnal for his keen interest, inspiring guidance and ceaseless help during the course of the study.

He is indebted to the Director, National Dairy Research Institute and the Principal, Dairy Science College, Karnal for providing necessary facilities required for the study.

He is thankful to Dr. K.D. Stubblefield and Dr. C.L. Chetwell of USDA, Peoria, Illinois, U.S.A. for supplying the reference standards of aflatoxins.

He is grateful to his esteemed teachers for their helpful suggestions during the study. He expresses his thanks to his friends and colleagues for their help.

The author is indebted to the Indian Council of Agricultural Research, New Delhi, for the award of Senior Fellowship.
