LIST OF ILLUSTRATIONS

Fig 1(a). Histograms depicting the milk production of
1(b). Tharparkar cows in different months after
1(c). calving in different periods

Fig 2. Average cumulative partial yield over
different periods

Fig 1. Time diagram for occurrence of young bulls
progeny and proven sire progeny

Fig 4. Genetic gain with varying population sizes
mated to young bulls

Fig 5. Change in genetic gain per year (4 of mean)
and in discounted costs of testing with
change in number of bulls progeny tested
