4.9 Comparison of students of innovative CBSE school and conventional CBSE school on interpersonal relationship among opposite gender classmates.

4.10 Descriptive statistics of mean on interpersonal relationship of students with teachers.

4.11 ANOVA table for mean on interpersonal relationship of students with teachers.

4.12 Comparison of Students of Innovative CBSE School and Conventional CBSE School on Communication Skills.

4.13 Comparison of Students of Innovative CBSE School and Conventional CBSE School on Academic Achievement.

4.14 The Number of Students in the Conventional State School in each Section.

4.15 Comparison of students of innovative state school and conventional state school on creative thinking.

4.16 Comparison of students of innovative state school and conventional state school on verbal creative thinking along with the three dimensions.

4.17 Comparison of students of innovative state school and conventional state school on non-verbal creative thinking and along with two dimensions.

4.18 Comparison of students of innovative state school and conventional state school on interpersonal relationship of classmates.
4.19 Comparison of students of innovative state school and conventional state school on interpersonal relationship among same gender classmates.

4.20 Comparison of students of innovative state school and conventional state school on interpersonal relationship among opposite gender classmates.

4.21 Comparison of students of innovative state school and conventional state school on communication skills.

4.22 Comparisons of students of innovative state school and conventional state school on academic achievement.

4.23 Descriptive statistics of students of selected schools on Creative Thinking.

4.24 ANOVA table for creative thinking and the selected schools.

4.25 Post Hoc Tests (Scheffe) for creative thinking and the selected schools.

4.26 Descriptive statistics of students of selected schools on Verbal Creative Thinking.

4.27 ANOVA table for verbal creative thinking and the selected schools.

4.28 Post Hoc Tests (Scheffe) for verbal creative thinking and the selected schools.

4.29 Descriptive statistics of students of selected schools on Fluency of Verbal Creative Thinking.

4.30 ANOVA table for fluency of verbal creative thinking and the selected schools.

4.31 Post Hoc Tests (Scheffe) for fluency of verbal creative thinking and the selected schools.
4.32 Descriptive statistics of students of selected schools on Flexibility of Verbal Creative Thinking
4.33 ANOVA table for flexibility of verbal creative thinking and the selected schools
4.34 Post Hoc Tests (Scheffe) for flexibility of verbal creative thinking and the selected schools
4.35 Descriptive statistics of students of selected schools on originality of verbal creative thinking
4.36 ANOVA table for originality of verbal creative thinking and the selected schools
4.37 Post Hoc Tests (Scheffe) for originality of verbal creative thinking and the selected schools
4.38 Descriptive statistics of students of selected schools on Non-Verbal Creative Thinking
4.39 ANOVA table for non-verbal creative thinking and the selected schools
4.40 Post Hoc Tests (Scheffe) for non-verbal creative thinking and the selected schools
4.41 Descriptive statistics of students of selected schools on originality of non-verbal creative thinking
4.42 ANOVA table for originality of non-verbal creative thinking and the selected schools
4.43 Descriptive statistics of students of selected schools on Elaboration of Non-Verbal Creative Thinking
4.44 ANOVA table for elaboration of non-verbal creative thinking and the selected schools

4.45 Post Hoc Tests (Scheffe) for elaboration of non-verbal creative thinking and the selected schools

4.46 Descriptive statistics of students of selected schools on interpersonal relationship among classmates

4.47 ANOVA table for interpersonal relationship among classmates and the selected schools

4.48 Post Hoc Tests (Scheffe) for interpersonal relationship among classmates and the selected schools

4.49 Descriptive statistics of students of selected schools on Interpersonal Relationship among Same Gender Classmates

4.50 ANOVA table for interpersonal relationship among same gender classmates and the selected schools

4.51 Post Hoc Tests (Scheffe) for interpersonal relationship among same gender classmates and the selected schools

4.52 Descriptive statistics of students of selected schools on Interpersonal Relationship among Opposite Gender Classmates

4.53 ANOVA table for interpersonal relationship among opposite gender classmates and the selected schools

4.54 Post Hoc Tests (Scheffe) for interpersonal relationship among opposite gender classmates and the selected schools

4.55 Descriptive statistics of students of selected schools on communication skills.
4.56 ANOVA table for communication skills and the selected schools 244

4.57 Post Hoc Tests (Scheffé) for communication skills and the selected schools 244
