ACKNOWLEDGEMENTS

I am greatly indebted and take pleasure in expressing my heartiest and humble thanks to Dr. K. M. Lokanatha Rai, Ph.D., Reader in organic Chemistry, Department of studied in Chemistry, University of Mysore, Manasagangotri, Mysore who has encouraged and inspired me in taking this field and taught the fundamentals of research. His stimulating discussions, inspiring guidance, constant support and helpful criticism have been invaluable throughout the work embodied in the thesis.

I record my sincere thanks to Prof. K. S. Rangappa, Chairman, Department of studied in Chemistry, University of Mysore, Manasagangotri, Mysore for his timely help and cooperation.

It gives me a great honour in thanking Prof. C. Anjana Murthy (Retd.) and Prof. S. Y. Ambekar (Retd.) Department of studies in Chemistry, University of Mysore, Manasagangotri, Mysore for their encouragement and valuable suggestions.

I am extremely sincere in thanking Prof. D. Channegowda, Dr. S. Shashikanth, Dr. Y. B. Basavaraju, Dr. B. Krishnamoorthy (Retd.), Prof. Syed Akheel Ahmed, Prof. A. S. Anand Murthy, Prof. Rangaswamy, Prof. G. Nagendrappa, Dr. S. Anand and all other faculty members, who encouraged me during my research work.

I would like to express my sincere thanks to Dr. R. Chakrasali, Department of medicinal Chemistry, University of
Kansas, USA, for providing me $^1$H NMR, $^{13}$C NMR, Mass spectra and other analysis. I wish to record my sincere thanks to Prof. Prahlad, Central Scientific Instrumentation Centre, University of Mysore, Manasagangotri, Mysore for providing $^1$H NMR spectra. I also thank the Convenor, Sophisticated Instrumentation Facility, Indian Institute of Science, Bangalore for recording $^1$H NMR and $^{13}$C NMR for some of the compound mentioned here.

I would like to express my special thanks to Dr. K. B. Umesha, and Mr. M. Suresh Babu for their help in my research work.

It is great pleasure to appreciate the help extended to me by Dr. N. Linganna, Dr. K. Ajay Kumar, Dr. K. Rajshekhara Prasad, Mr. S. L. Gaonkar, Miss. Jayalakshmi, K. Manjula, Smt. B. S. Sudha, Miss. Shaukath Ara Khanum, Dr. N. Nanjunda Swamy, Dr. Prabhuswamy, Mr. Shriharsha, Mr. Ashok Kumar Singh, Mr. T. D. Venu, Mr. Manjegowda (Lab. Asst.) and all the research scholars during the course of my research tenure.

I would like to express my thanks to Dr. Suresh V. Raghava, Senior General Manager, Thane and Mysore Sites, Mr. Sudheendra G. Kalwad, Mysore Site Co-ordinator, GlaxoSmithKline Pharmaceuticals Ltd. Mysore for their encouragement and support during my research work.

I express thanks to my colleagues Mr. T. S. Gopinath, Mr. K. R. Jagadish, Dr. Ganesh L. Hegde, Mr. Mahesh C. Bharati, Mr. K. R. Ravi, S. Venkatesh, Mr. R. Deepak, Dr. N. G. Keshavachar and
all other colleagues at **GlaxoSmithKline Pharmaceuticals Ltd. Mysore** for their encouragement and support.

I would like to express thanks to my ex-colleagues at **GlaxoSmithKline Pharmaceuticals Ltd. Mysore**, Dr. B. V. Reddy, Dr. D. Kandasamy, Dr. M. Muralidhar Reddy, Dr. N. Kasturaiah, Dr. Sankar Reddy, Dr. K. V. Raghu, and Dr. S. G. Vadraj who encouraged me during my research work.

I express my deep sense of gratitude and heartful thanks to my parents Sri. Nagarajegowda, Smt. Jayamma and my sisters Smt. Radha, Smt. Vanajakshi, Kum. Arunakumari and Kum. Sumalatha and my brother-in-law, Mr. H. S. Rajashekhar. I also thank my niece Harshitha Deepanjali, Chandana and Shruthana for giving me moral support and encouragement for my higher studies.

I thank **AstraZeneca Research foundation of India, Bangalore**, for gifting computer and using the same for preparing this thesis.

I also thank all my friends who have encouraged and supported me to achieve this milestone.

Finally, I thank the University of Mysore, Mysore for permitting me to carry out the research work.
