ACKNOWLEDGEMENTS

It is my pleasure to acknowledge the assistance of many who helped me to bring this work to its final form. I cannot express adequately in words the deep debt of gratitude I owe to Dr. Nagappa, M.Sc., Ph.D., Professor of Physics (Retd.), Department of Studies in Physics, Manasagangotri, University of Mysore, Mysore, for his stimulating discussions, critical suggestions, inspiring guidance and constant encouragement during the course of the present investigations. The systematic training he has given to me an experimental techniques and keen interest with which he allowed to the progress of work are largely responsible for much of what is reported herein. My experience with him has been an experience of immense value and it will be evergreen in my memory.

I deem it a great pleasure to express my deep sense of gratitude and thanks to Dr. J. Shashidhara Prasad, Vice-Chancellor, University of Mysore, Mysore-570005, for giving an opportunity to do this research work.

I express my sincere gratitude to Dr. D. Revanasiddaiah, Professor and Chairman, Department of Studies in Physics, University of Mysore, Manasagangotri, Mysore, for his support. I also express my deep gratitude to Dr. A. V. Gopala Rao, Dr. T.K. Umesh, Dr. L. Paramesh, Dr. R. Somashekar, Dr. C. Ranganathaiah, Dr. K.S. Mallesh, and M.S. Chandrashekara for their timely help and cooperation.
I am extremely grateful to Dr. N.V. Madhusudana, Raman Research Institute (RRI), Bangalore, for their discussions, suggestions, and timely help during the course of this work. I am thankful to Smt. Vasudha, Senior Technical Assistant, RRI, Bangalore for taking the DSC traces of some liquid crystal mixtures. Smt. Prathibha, Senior Technical Assistant, RRI, Bangalore for her help in taking the photographs of liquid crystals.

I would like expressing my special thanks and gratitude to Prof. U.D. Prahlad, University Scientific Instrumentation Center, Manasagangotri, University of Mysore, Mysore for the help in recording the NMR spectra and X-ray traces.

I am thankful to Dr. K.M. Lokanatha Rai, Professor, Department of Studies in Chemistry, Manasagangotri, University of Mysore, Mysore for his useful suggestions and discussions during the course of this work.

I am very much thankful to Dr. J. Mahadeva Department of Physics, P.E.S. College, Mandya-571401, India, for their valuable guidance, discussions, suggestions, corrections and encouragements throughout the work embodied in this thesis.

I am very much thankful to Dr. P.M. Sathyanarayana Department of Physics, Maharani’s Science College for Women, Mysore-570005, India for their valuable guidance, discussions, suggestions, corrections and encouragements throughout the work embodied in this thesis.
It a great pleasure to appreciate the help extended to me by Dr. S.K. Naveen Kumar, Smt. Hemalatha, Dr. R. Somashekarappa, Dr. Nagaraju Kamsale, Dr. Shivalinge Gowda, Mr. Appaji Gowda, Mr. T.D. Venu, and other research colleagues and friends for their assistance during the course my research work.

I am very much thankful to my teacher Mr. M. Kalarasaiah, Lecturer in Physics, Shanthi College, Malavalli-571430 for their valuable guidance, encouragement and needful discussions during the course of this work.

I wish to record my profound thanks to my beloved wife Mrs. M. N. Sunitha Govindaiah for her affections, inspirations and encouragements, which enabled me to complete this research work.

I am highly indebted to my father, mother, brother Venkatesh, B. Nagesha, Shivanna(Unthura), B. Nagaraju, M. Nagesha, Chinnaswamy, Chikkanna, Pavithran, Nanjundaswamy, Chikkaswamy, Gangaraju, M. S. Sampath Kumar, M.N. Shivaswamy, M. C. Srikanth, M.P. Shivakumar, Venkatesh and their families for their cooperation that made this work is possible.

I am very much thankful to B.T. Keshavamurthy MSc, IT., B.S. Krishna DTC., System administrator, BETP, K. M. Doddi.

I wish to thank to Mr. Kadokola Mahadeva, and other non-teaching staff of the Department of Studies on Physics, Manasagangotri, University
of Mysore, Mysore for their help received directly or indirectly during this work.

I thank the University of Mysore, Mysore, for providing the research facilities during this work. I also thank each and everyone who directly or indirectly helped me in completion of this work.

I express my gratitude to Smt. Shantha Bai Nagappa, Harish Babu, Smt. Sonali Babu, Roopashree and Pradeep Kumara (Minti) for their affection and encouragement during the course of this research work.
