PREFACE.

This fellowship report covers the history of Gangavadi from 1000 A.D. to 1300 A.D. It covers an interesting period of the history of a long ruled territory which during this period saw many ups and downs.

I am highly grateful to the University of Mysore for kindly providing me an opportunity to pursue my researches on this subject by granting me the Research Fellowship. I am greatly indebted to my beloved Professor and guide Dr. B. Sheik Ali, M.A., Ph.D. (Lond) Ph.D. (Alighar) who took keen interest and gave valuable suggestions at every step right from the selection of the subject. It is also my pleasant duty to express my gratitude to my father Sri M. Hanumantha Rao, for his instructions and advice.
