ACKNOWLEDGEMENT

It is a great pleasure to express my gratitude to Dr. Asoke K. Sen, who provided me useful guidance, advice, and encouragement for last six years of my research work. His enlightened criticism and openness made me more confident to move deep into the topic of star formation. I pay my best regards to him.

I express my sincere gratitude to Prof. Subhas Chandra Saha, Vice Chancellor, Assam University, who supported my endeavour whole heartedly.

I am grateful to Prof. S. Bujorborua and Dr. C. B. Dwivedi of Centre of Plasma Physics, Guwahati for useful scientific discussions. I am grateful to Prof. Jayanta Vishnu Narlikar, IUCAA, Pune for offering me visiting associateship in IUCAA for three years (2000-2003). I have done most of my numerical calculations using the computer center of IUCAA, Pune. I am grateful to Prof. Ajit Kembhavi and Prof. Ranjan Gupta of IUCAA for useful scientific discussions.

I am specially grateful to Prof. M. R. Islam, Dean, School of Physical Sciences for his constant encouragement and useful advices during entire period of research work. My special thanks to my senior colleague Dr. R. Bhattacharyee, Physics Dept. (A.U.) for his encouragement and scientific advices. I am grateful to Dr. S. B. Paul, A.U., for his scientific advices. Sincere thanks to my colleagues Dr. Indrajit Sarma, Dr. Pawan Chakraborty, Subrata Bhattacharyee, Sibasis Bhattacharyee, Joydeep Choudhury, Monolsh Das, Sanjoy Paul, Nitu K. Das, G. M. Laskar and H.S. Das (SRF) of Physics Department, A.U., for their manifold helps. I also express my sincere gratitude to all my teachers, my colleagues in Assam University and other friends who encouraged me during the period of research.

My wife ‘Pratibha’ was a source of inspiration and encouragement and my daughter ‘Niharika’ (Pankha) provides me joy at moments of despair. My parents always inspired me. My sisters (Dipali, Rupali, Anita, Niru, Ranu, Sayanika) and brother (Makhan) have sacrificed a lot for me.

With respect to all
