Acknowledgements

It is my great privilege to express deep sense of gratitude to Professor Asoke Kumar Sen, Department of Physics and Dean, School of Technology, Assam University, Silchar and Dr. Surajit Sen, Senior Lecturer, Department of Physics, Gurucharan College, Silchar, under whose able guidance and supervision this Ph.D. work has been carried out. I am indebted to them for their valuable guidance, advice and ceaseless inspiration during the progress of the work.

I take this opportunity to express my gratefulness to Professor R. Bhattacharjee, Head, Department of Physics, Assam University, Silchar, for his constant encouragement. I am also thankful to Professor K. Hemachandran, Dean, School of Physical Sciences, Assam University, Silchar, for his co-operation. I am grateful to Principal, Gurucharan College, Silchar, for allowing me to pursue a part of the research work in the Department of Physics, Gurucharan College, Silchar. I consider it my pleasant duty to convey thanks to Dr. Gautam Gangopadhyay, Reader, S. N. Bose National Centre for Basic Sciences, Kolkata and Dr. Tushar Kanti Dey, Senior Lecturer, Department of Physics, Gurucharan College, Silchar, for many fruitful discussions. I wish to thank Mr. Subrata Bhattacharjee and Mr. Joydeep Choudhury of Department of Physics, Assam
University, Silchar for their help during the presentation of Ph.D. seminar.

My thanks are due to Librarian of Assam University for providing library and internet facilities during the work.

Finally, I would like to mention that without the blessings of my parents and continuous support of all my family members, it would have not been possible to complete the work.
