## **Certificate**

This is to certify that Smt.Indira Dey, d/o Sri Satyabrata Dey and Smt. Meena Dey, has been working with me since 2003 under my guidance for Ph.D. Her work entitled “Photopolarimetric study of star forming clouds” is bonafied, original and has not been submitted elsewhere for another degree to this university or any other university or institution of learning. During the entire period of research work, she has been consulting me at every stage and has completed all the formalities as Ph.D Scholar.

A handwritten signature in black ink, consisting of a series of loops and curves, representing the name Dr. Asoke Kumar Sen.
