Acknowledgement

At the outset, I wish to record my utmost thankfulness to the **Manipal University** for providing me with an opportunity in the form of Scholarship to pursue my Doctoral research in the Manipal College of Pharmaceutical Sciences under Structured PhD program.

It is my proud privilege to express the heartiest gratitude and sincere indebtedness to my guide **Dr. Anantha Naik Nagappa**, Professor, MCOPS, Manipal University, Manipal for his precious guidance, everlasting support and constant advice throughout my work.

I would like to express my profound sense of gratitude to my Co-guide **Dr. Ravindra Prabhu A**, Professor and HOD of Nephrology, Kasturba Medical College, Kasturba Hospital, Manipal, sensible personality with an amicable and positive disposition for his continuous and unfailing support throughout my work. I would like to extend my many thanks to **Dr. Rajesh Balkrishnan**, Professor of Public Health Sciences, University of Virginia, USA for his encouragement and insightful suggestions.

I owe my sincere thanks to the Doctoral Advisory Committee (DAC) members **Dr. Mallikarjuna Rao C**, Principal, **Dr. M Sreenivasa Reddy**, Vice- Principal, **Dr. D Sreedhar**, HOD of Pharmacy Management, **MCOPS**, Manipal University, Manipal, **Dr. Shankar Prasad N**, Associate Professor, **Dr. Dharshan R**, Assistant Professor, Dept. of Nephrology, Kasturba Medical College, Kasturba hospital, Manipal, Former DAC members **Dr. N Udupa**, Research Director (Health Sciences), Manipal University, Manipal and **Dr. Manohar Bairy**, Consultant Nephrologist, Tan Tock Seng Hospital, Singapore, who were always there to stretch their helping hands, valuable guidance and suggestions, meticulous care, moral support, scholastic advice,
critical approach towards completion of this work and affection in taking me towards the goal. It is the members of the Doctoral Advisory Committee who have instilled in me the need to have an enquiring mind and it is for them that I could learn what this science of research means. I cannot forget their method of approaching a problem and this will help me throughout my life.

I am very thankful to the Medical Superintendents and Heads of Nephrology Units of Kasturba Hospital, Manipal, District Govt. Hospital, Udupi and KMC Hospital, Ambedkar Circle, Mangalore for granting the administrative permission to conduct the study.

I would like to express my special thanks to Dr. Bhaskar Palan, District Surgeon, Ms. Shanthama, Dialysis Staff Nurse, Mr. Naveen, Dialysis Technician, District Govt. Hospital, Udupi, Dr. Susant Kumar, Dr. A. Bhat, Consultant Nephrologists, Ms. Nirmala, Dialysis Technician, Ms. Shailaja, Dialysis Staff, Mr. Clifford, KMC Hospital, Ambedkar Circle, Mangalore, Ms. Mamatha, Dialysis Staff Nurse and Mr. Mahesh, Dialysis Staff, Kasturba Hospital, Manipal for their kind co-operation and help during various stages of my research work.

My hearty thanks go to Dr. Vasudeva G, Dr. Srimathi Mayya and Dr. Asha Kamath for introducing me to the science of Epidemiology & Statistics and constant support that gave me the courage to manage difficult tasks in my work.

I am also thankful to Dr. Anil TM, Dr. Pradeep Muragundi, Dr. Surulivel Rajan, Dr. Rajesh V, Dr. Virendra Ligade, Dr. Manthan Janodia, Dr. Aswani Srinivas Mareddy, Dr. Srinivas
K, Dr. Rajeeva and Dr. Mohit for their valuable suggestions, guidance and support throughout my research work.

I would like to express my sincere thanks to Dr. M K Unnikrishnan, Dr. Kanav K, Dr. Girish T, Dr. Leelavathi D Acharya, Dr. Vijayanarayana K, Mr. Sonal Sekar, Dr. Jagadesh PC and other faculty members of MCOPS who helped me at various stages of my research. They have been very kind enough to extend their support.

I also express my thanks to Mr. Jagadeesh Nayak and all the members of MCOPS office and accounts department, Kasturba Hospital, Manipal and KMC Hospital, Mangalore for their constant support.

I am grateful to my colleagues Asim Priyendu, Bhavana Bhat, Misra CS, Sai Balaji, Ramalingiah, Chetan, Kiran A, Alkesh for their love, contribution and support.

My true motivation to take up this task was the people who were undergoing the hemodialysis. Their trust and positive response kept me encouraged throughout the study. I thank them for inspiring me for a good cause.

Finally, I bow my heart to my beloved father Dr. M Prabhakar who has been a source of great inspiration for me to carry out the research. My heart-felt thanks go to my mother Ms. Ramadevi, my sister Ms. Jhansi, my brother Mr. Kranthi, my brother-in-law Mr. Suman and to my wife Ms. Santosha for their continuous love and their support in my decisions.

Uday Venkat Mateti
