LIST OF TABLES

Table 2.1 Physical and textural characteristics of termite soils and their adjoining surface soils
Table 2.2 Standard statistical parameters of termite soils and their adjacent surface soils
Table 2.3 pH, Specific conductance, and trace element analysis of termite soils and their adjacent surface soils
Table 2.4 Statistical data of the trace elements in termite soils and their adjoining surface soils
Table 3.1 Chemical analyses of ground water samples of the study area
Table 3.2 Hydrogeochemical parameters of water samples of the study area
Table 3.3 Hydrogeochemical parameters of water samples in the study area
Table 3.4 Minimum, maximum and average values of different constituents analysed in well-samples
Table 4.1 Multi-Element analysis of human faeces and urine of Talupula and Tirupati areas
