I express my sincere gratitude to Professor Gauri Dutt Sharma, Ex-Dean and Ex-Pro Vice - Chancellor of H. K. School of Life Sciences, Assam University, Silchar, Assam (now: Vice – Chancellor, Bilaspur University, Chattisgarh) who agreed to host me to carry out the research work in his laboratory. I shall remain ever – indebted to Prof. Sharma for extending every bit of support during the course of the research. Without his supervision this thesis would not have been possible.

I am truthfully grateful to Dr. Jatindra Kumar Sahu, Ex-Head of the Department of Agricultural Engineering, Assam University, Silchar, Assam (now: Associate Professor in Department of Food Engineering, Indian Institute of Crop Processing Technology, Thanjavur, Tamil Nadu) for his support and supervision. I value all his contributions in time, ideas and funding in making my PhD experience highly productive.

I would like to express my deepest appreciation to the Deans of H. K. Schools of Life Sciences and T.S. School of Technology & Heads of the Departments of Life Science & Bioinformatics and Agril. Engineering, Assam University, Silchar for their academic and scholarly aid and support, whenever required.

I owe my deep debt of thankfulness to Dr. Devashish Kar, Dr. Manabendra Datta Choudhury, Dr. Sarbani Giri, Dr. S. K. Panda, Dr. A. Giri, Dr. M. Bawari, Dr. Suchismita Das, Dr. D. Bhattacharyya, Dr. A.D. Talukdar, Dr. A. Bora, Dr. H. K. Prasad and Dr. S. R. Choudhury of the Department of Life Science & Bioinformatics and Dr. L. N. Sethi, Dr. K. V. G. Prasanna of the Department of Agricultural Engineering of Assam University for their support and assistance.

I am thankful to all the technical and administrative staffs of the university. My sincere thanks are due to Miss Monideepa, Mr. Mandal, Mr. Janardan, Mrs Sujata, Mrs. Mousumi, Mr. Asish, Mr. Koiri, Mrs. Raina, Mr. Sanjib, Mr. G. Gogoi, Miss Milli and Mrs. Sangeeta.

I am also obliged to the Hon’ble Vice- Chancellor, Professor Somnath Dasgupta for providing me the opportunity to work in the university. My recognition is owing to the Registrar, Assam University for all administrative support.

I record with appreciation, the precious help and co-operation of all my lab mates, associates and other acquaintances, made at some or other stage in the course of the attachment.
I am indebted to my parents for bearing me especially through all the odds and ends. My acknowledgment is definitely to my better-half, Mr. Jayabrata Chakrabarty, who has made available his hold in all promising ways. My thanks are also due to my extended family for giving their support to me during the complete stretch of the work.

This thesis could not have been achieved without the help of all the above mentioned acquaintances. The joy and enthusiasm of my supervisors for my research was motivational. It was a pleasure to acknowledge those who made this dream a come true!! I thank The Almighty for blessing me with such beautiful connections.

Once again thanking all,

Debangana Choudhury
Dept. of Life Science & Bioinformatics
Assam University, Silchar.
