I express my deep sense of gratitude and indebtedness to my revered teacher and guide Dr. K.G. Gupta, Professor and Chairman, Department of Microbiology, Panjab University, Chandigarh, who magnanimously contributed to my project with his formidable approach, unique ability as a researcher and excellent critic. It has been a pleasant experience in having worked under his able guidance.

I am extremely thankful to Sh. S.P. Dhall, Assistant Prof. Agricultural Statistics, CoA, H.P.K.V.V., Solan, for his sustained efforts in statistical analysis. Timely and needed help rendered by my friends and colleagues is gratefully acknowledged.

Gratefully, I acknowledge the financial assistance provided by Indian Council of Agriculture Research, New Delhi.

Constant encouragement by my father and other family members had always been a constant source of inspiration to me. And finally I acknowledge the ungrudging sacrifice and unflinching help rendered by my wife Mrs. Poonam during the preparation of the manuscript.

CHAND KARAN SHIRKOT
