Acknowledgement

I take this opportunity to express my gratitude to Dr. C.S. Gopinath, my research supervisor, for his invaluable guidance, support, discussion and freedom throughout the course of this investigation. I have learnt from him to interpret, concise and correct my approach to science from formulation to the presentation of results. Although this eulogy is insufficient, my sincere regards and reverence are for him, forever.

My honest thanks go to Dr. S. Sivaram and Dr. Sourav Pal, erstwhile and current Directors, NCL, providing me the opportunity to accomplish my research work in this prestigious and well-equipped laboratory. I would like to thank Dr. A.P. Singh Head, Catalysis division, for providing me all the divisional facilities required for my research work. Also I wish to thank all other scientific and non-scientific staff in the Catalysis Division, NCL, for their help and cooperation given to me in completing my research work successfully.

I am highly indebted to Dr. P. R. Rajamohanan and Dr. T. G. Ajithkumar, Central NMR Facility, NCL, for allowing me to use all the available NMR facilities in the division but also personally for many stimulating discussions and valuable guidance throughout the course of this investigation. I thank Prof. Debashis Chakrobarty, for fruitful collaboration and permitting me to work in his lab at IIT-Madras to carry out polymerization reactions.

A special note of thanks to Drs. C. V. Satyanarayana, T. Raja, C. P. Vinod, Nandini Devi, Ms. Violet Samuel, Mr. Jha and Mrs. Rupali Waichal, Mr. Ketan, for their help and support in scientific and technical matters.

It gives me great pleasure to thank my labmates Sivaranjani, Thushara, Kanak, Raja Ambal, Devaraj, Sanjay, Anjani, Khiru, Pradnya, Naveen, Ashwin, Jino, Ruchi (chotta), Madhu, Sreejith, Shilpa for their helpful hand and making the lab feel like a family. Without their support it would not have been possible to complete this task. I would like to thank Renny, Sumesh and Shrikant for their help in NMR studies. I wish to thank IIT-Madras labmates specially Dr. Ravi and Easwar for giving their helping hands in polymerization reactions.

With much appreciation, I thank all my friends in Catalysis Division and PhD batch mates for their support and endless help throughout my tenure at NCL. I will cherish the sweet and adorable memories throughout my life. Also I would like to mention my NCL tamil friends Palani, Sridhar, Lenin, B. Senthil, Mohan Anna,
Ramsundar, Khaja, T. Senthil, Arul Kashmir, Venky, Pandi, Ashok, Venkat, Vasu, Suresh, Mohan, Perumal, Prabhu, Punith, John, Mani, Loganathan, Periaswamy; for their kind support during my difficult times and it is not just possible to acknowledge all of them in few words for their timely and invaluable help throughout my life.

I take this opportunity to thank my seniors Drs. Vijayaraj, KT, Maitri, S. Nagarajan, Vijay Anand, Suresh, V. Nagaraj, Malli, Selva, Viji, Ramanujam, Kannan for their help at different stages of my PhD. My heartfelt thanks to Munna, Joseph and Deepa and all my friends, for their care, company though out my stay at IIT-Madras campus.

A very special appreciation is due to my parents and my sister for their love, patience and encouragement during the years of my study. They have been a constant source of strength and have brought a great deal of happiness in my life. Finally, my thanks to CSIR, Government of India, for awarding me the research fellowship.

Above all, I thank my Almighty Jesus Christ for His love, grace, care and blessings throughout my life and make me who I am today.

Pune

S. Edwin Gnanakumar
