ACKNOWLEDGEMENT

With great pleasure, I would like to express my gratitude to all who have contributed to this thesis. First and foremost, I would like to thank God Almighty for his immense blessings and help provided to me with good life, grace, the strength, the wisdom and the means to undertake this Ph.D. programme. His strength and presence in my life, guided when I needed him most. Thank you Lord.

Concentration, dedication, hard work and application are essential but not the only factor to achieve the desired goal; those must be supplemented by the guidance assistance and cooperation of experts to make it success. Many people contributed to this dissertation in innumerable ways, and I am grateful to all of them.

With profound pleasure, I extend my extreme sincere sense of gratitude and indebtedness to my guide Dr. L. MANIVANNAN, M.B.A., Ph.D., D.L.L., P.G.D.C.A., Associate Professor & Research Supervisor, Department of Corporate Secretary ship, Erode Arts & Science College (Autonomous), Erode for his guidance during my research and study at Bharathiar University. His perpetual energy and enthusiasm in research had motivated all his advisees, including me. In addition, he was always accessible and willing to help his students with their research. He is someone you will instantly love and never forget once you meet him. He’s the energetic advisor and one of the smartest people I know. Without his support, this project would not have been possible. As a result, research life became smooth and rewarding for me. I wholeheartedly thank him for his kindness and support throughout the study.

It is my immense pleasure and gratitude to thank Dr. G. James Pitchai, Vice-Chancellor and Dr. G. Ganesan, M.Com., M.B.A., MIT., M.Phil., Ph.D., Director, Research & Development Centre, Bharathiar University, Coimbatore
for having provided all the necessary facilities and support to complete this research work.

I also have to thank the members of my Doctoral committee, **Dr. R. Venkatapathy**, Professor & Director, **Prof. R. Shanmugham**, **Dr. Rupa Gunaseelan**, Associate Professor, BSMED, Bharathiar University, Coimbatore and my guide **Dr. L. Manivannan**, Associate Professor & Research Supervisor, for their encouragement, insightful comments, helpful career advice and suggestions in general. Without their guidance and persistent help this dissertation would not have been possible. My special thanks to **Dr. K. G. Senthilvasan**, Controller of Examinations, and **Dr. B. My research required the support of many people in Eritrea. I am grateful to all of the people at these cities who not only provided access to collections under their care but also valuable discussions about the study. In particular, I would like to thank these individuals: **Dr. Yemane Mesghenna**, Dean, **Dr. Tesfa-Yesus**, Associate Dean, Academic Affairs, **Dr. Fitsum Ghebregiorgis**, Head, Department of Business Management & Marketing, **Dr. Stifanos Hailemariam**, Assistant Professor, Department of Accounting, College of Business and Economics, Asmara, State of Eritrea.

Many additional colleagues provided valuable information that helped organize my data collection, and I am grateful to all of them for their assistance and support.

I also thank my friends (too many to list here but you know who you are!) for providing support and friendship that I needed.

I would like to extend my deepest gratitude to my family: my beloved parents, my brothers Jana and Murali, my sister Ammu, and my sons Logesh
and Magesh. They always have provided unwavering love and encouragement. Thank you for believing in me.

The best outcome from these past four years is finding my best life partner Mahalakshmi alias Manju. I married the best person out there for me. She is the only person who can appreciate my quickness and sense of working. There are no words to convey how much I love her. She has been a true and great supporter and has unconditionally loved me during my good and bad times. She has been non-judgmental of me and instrumental in instilling confidence. She has faith in me and my intellect even when I felt like digging hole and crawling into one because I didn’t have faith in myself. These past several years have not been an easy ride, both academically and personally. I truly thank her for sticking by my side, even when I was irritable and depressed. I feel that what we both learned a lot about life and strengthened our commitment and determination to each other and to live life to the fullest.

If I did not mention someone’s name here, it does not mean that I do not acknowledge your support and help. Again, I would like to thank everyone who supported and helped me during my Ph.D. study.

Finally, I would like to express my deepest gratitude to Digital Park Team, Erode for everything from technical support to emotional support in giving a perfect shape for this thesis through proper alignment, typed and bound. I could not have done it without you Thank you for being there for me from the very beginning.
