ACKNOWLEDGEMENTS

It gives me great pleasure to express my sincere gratitude to my Research Supervisor, Dr. K. Nataraja, M.Sc. Ph.D. (Delhi), Professor and Chairman, Department of Botany, Karnatak University, Dharwad, for giving me an opportunity of participating in a research programme in the field of Plant Tissue Culture. I am indebted for his constant encouragement and invaluable guidance during the course of this investigation.

I am grateful to Shri. D. V. Tikekar, Managing Director and Mrs. S. S. Paithankar, Senior Manager, Kirloskar Consultants Limited, Pune for their encouragement.

I express my thanks to Dr. K. M. Divakar, Lecturer in Botany, St. Joseph's College, Bangalore and Dr. G. M. Ravi, Hindustan Lever Limited, for their help during the initial stages of this investigation.

I also thank Shri. D. M. Laxmikanth, Sri. M. S. Kopp and other research colleagues of the department for their help in many ways and to Shri. B. S. Hiremath, for help in photography.

I am extremely grateful to my brothers, T. R. Sathyarayana and T. R. Krishnamurthy and brother-in-law H. S. Sathyarayana Rao and Dr. V. N. Bhat for their help and encouragement.

Lastly I am grateful to M/s Kirloskar Consultants Limited, Pune for financial assistance from 1985 – to date.
