ACKNOWLEDGEMENT

I feel great pleasure in expressing my sincere thanks and indebtedness to my beloved teacher and research guide Dr. S.G.Bharati, M.Sc., Ph.D., Professor and Head of the department of Botany, Karnataka University, Dharwad, for his valuable guidance and timely help during the preparation of this thesis.

I am highly indebted and owe my sincere gratitude, which I feel beyond my words to express to Shri. D.Veerendra Heggade, Dharmadhikari of Dharmasthala and to Prin. N.Vajrakumar, Secretary, Janatha Shikshana Samithi, Dharwad for all their encouragement, help and co-operation but for which this thesis would not have been a reality.

I submit my deep sense of gratitude to my parents; Shri. S.Prabhakar, Smt. Sumana.V.Kumar, and my Brothers and Sisters for their affectionate assistance.

May I record the exemplary assistance given by Dr. R.K.Mulgund, Dr. S.P.Hosmani, K.Divakar, Y.H.Prakash and R.S.Desai.

My thanks are due to Prof. S.F.Doddgoudar, Prof. P.B.Patil, Dr. B.Hemareddi, Prof.Sanjeev Rao and other colleagues for all the help rendered to me.

I am thankful to Shri. P.R.Kulkarni, Principal Womens Polytechnic, Hubli for providing the typing.
facilities, Mr. R.G. Kulkarni for typing the script and Mr. Sahukar, Soil Scientist, Forest Office, Dharwad for the assistance in soil analysis.

( B. Yashovarma )
