ACKNOWLEDGEMENT

It is my great privilege and a matter of immense satisfaction to express deep sense of gratitude and sincere appreciation to my guide Prof. G. D. Sharma, Vice Chancellor, Bilaspur University, Bilaspur, Chhattisgarh for his guidance constructive criticisms, sound advice and constant encouragement throughout the course of this investigation.

I am greatly indebted to Prof. A. K. Paul, Department of Botany, University of Calcutta, Kolkata, for his kind permission and encouragement to carry out some part of my research work there.

I am also grateful to Dr. Arundhati Pal and Ms. Sudeshna Datta for being very kind and supportive during my working period in Calcutta University.

I would like to sincerely acknowledge Dr. Shuvasish Choudhury, assistant professor, CIL for his constant encouragement and support.

I also remain grateful to Dean, School of Life Sciences and Head, department of Life Science and Bioinformatics for their support and encouragement.

I would also like to convey my sincere thanks to Dr. Anupam das Talukdar and Mr. Partha Sarathi Das of Assam University, Silchar for their support and encouragement.

This thesis has been partly supported by grants from University Grant Commission (No.AUK-204/3/2008), New Delhi and JBNSTS fellowship (No. AU/DST/NER/001/2011/JBNSTS-01) under NER-FIST package, Department of Science and Technology, India, for their fellowship which I greatly acknowledge.

I would like to offer my sincere thanks to Dr. Pankaj Chetia and Bioinformatics centre for their valuable suggestions in analysing the bioinformatics part of my work.

I would like to acknowledge University Grant Commission (UGC) for providing financial assistance in the form of UGC-AUS fellowship.

I would like to express my heartiest thanks to all my fellow research scholars and friends specially Prasenjit Roy, Ratnabir Singh, Somen Debnath, Jayeeta Mitra, Monjur Ahmed, Ramananda for their moral support and motivating me during difficult part of my work.

I would like to offer my sincere thanks to Manidipa, Supriya, Benkee, malina, Alka, Pratibha, Durga, Mrinal, Folguni, Sagarika, Dhritimanda for their support and being there when I needed them.
I would like to convey my thanks to Ashishda, Kairida, Mondalda, Jonardhan, Dr.SujataBhattacharjee and all other non-teachingstaff of the department of Life Science and Bioinformatics.

I am greatly indebted to my beloved mother Smt.BhanumatiSinha, father Sri.BiswaJitRajkumar and my younger brother BirabrataRajkumar without whose encouragement, inspiration and support the work would not have been completed.
