LIST OF TABLES.

Table I - Intensities of bands - Photographic method. 70
Table II - Intensities of bands - Photoelectric method. 77
Table III - Intensities of OH (Peak and Integrated). 79
Table IV - Sodium line reversal temperatures 92
Table V - Constants of rotational lines of OH - selected for temperature measurement. 100
Table VI - Rotational temperatures of OH 103
Table VII - Data used for obtaining vibrational temperatures. 109
