I very gratefully acknowledge my indebtedness to Professor Vishwa Nath, Sc. D. (Cantab.), F.N.I., Emeritus Professor (Panjab University) and Emeritus Scientist (C.S.I.R.), for his kind guidance during the course of present investigations. His keen interest and constructive criticism has been a source of encouragement in the preparation of the present manuscript.

I take this opportunity to express my sincere gratitude to Dr. G.P. Sharma, F.Sc., Ph.D. (Ph.D. (Edin.)), F.A.I.C., F.I.A.S., F.I.S.C., F.I., F.R.G.S., F.R.I., Professor and Head of the Department of Zoology, Panjab University, for providing me the necessary laboratory facilities.

My thanks are also due to Dr. S. Jones, Director of Central Marine Fisheries Research Institute, Mandapam Camp, for extending to me laboratory facilities to enable me to carry out a part of my work in the Summer of 1962.

The financial assistance given to me by Council of Scientific and Industrial Research, and University Grants Commission is gratefully acknowledged.
