ACKNOWLEDGEMENTS

I am highly indebted to Dr. B. Neelakantan, Chairman of the Department, P.G. Department of Marine Biology, Karnataka University, Karwar who introduced me to the subject. I have the greatest pleasure in expressing my sincere gratitude to him for his guidance, encouragement and constructive criticism during the course of study.

I am grateful to Drs. B.J. Hill, D.L. Grey, and D.R. Fielder, Australia, for their encouragement, suggestions and help.

My thanks are due to Drs. Ackman (Canada), M.A. Rose (North Carolina), A.P.M. Lockwood, Margaret Barnes (Scotland), J.S. Pearse (California), D.G. Cargo (Maryland), S.R. Haley (Hawaii), A. Chiba (Japan), Krzeczowski, Jerry A. Gray (Alaska), Paul N Reilly (U.S.A), Le Reste (Senegal) and Childress (U.K) for their valuable publications.

I thank Dr. S.N. Hegde (Dept. Biosciences, Mangalore University) E.G. Silas (Former Director, CMFRI) and M.R. Nair
I am grateful to Smt. Lakshmi Iyer, Sujatha, Padma, Usha and Jaya for their interest in my studies.

An affectionate encouragement rendered by Miss. P. Anasuya, T. Vijayalakshmi, A. Prema Iyer and Medha Gaonkar is also acknowledged.

I am grateful to Smt. Lakshmi Iyer, Sujatha, Padma, Usha and Jaya for their interest in my studies.

An affectionate encouragement rendered by Miss. P. Anasuya, T. Vijayalakshmi, A. Prema Iyer and Medha Gaonkar is also acknowledged.
I also thank Messrs. Chandrakant, Paul, Kumtekar, Damodar, Dayananda and Suresh for helping during the collection of crabs.

Lastly I wish to record my thanks to 'SPAN' corporation, Bangalore, and Mr. G.B. Mallikarjun for computing and xeroxing the thesis.

(P. NAGENDRA PRASAD)
