ACKNOWLEDGEMENT

It is my pleasure to express my deep sense of indebtedness and gratitude to Dr. G.S. Puranik for kind encouragement, guidance and supervision that I received from him throughout my tenure as a research student here.

I am grateful to Prof. E.S. Jayadevappa, Head, Department of Chemistry, for his interest and necessary facilities. I am also grateful to Prof. R.C. Badami, for his encouragement.

Of a number of teachers and friends, who have been of invaluable help to me, I would like to make special mention of, Mr.V.A. Desai, for microanalysis, Dr. C.D. Daulatabad, Dr. C.S. Angadiyavar and Dr. R.H. Balundgi for valuable discussions.

My thanks are due to Principal, Karnataka Medical College, Hubli for the facilities to carry out the pharmacological experiments. I am thankful to Prof.K.G.S. Bhat, Head, Department of Pharmacology, and Mr.A.A. Hubliker of K.M.C. Hubli for their help and courtesy in carrying out the pharmacological experiments. I am also thankful to Prof. M. Appaswamy Rao, Head, Department of Zoology, Karnataka University, Dharwar for having supplied albino rats for the
pharmacological work.

I am also thankful to Dr. Suhas A. Nevagi, Dr. M.R. Shanbhag, Dr. V. B. Jigajinni, Mr. D. Vaman Rao and Mr. S. B. Havanur who have contributed immensely to make my stay on this campus a pleasant and memorable one.

Whatever I am today and whatever I hope to be in future, have all been made possible only because of the affectionate encouragement and unreserved help in abundance received from Dr. (Miss) Bharati V. Badami and Mrs. Sarojini G. Puranik. The sacrifices made by my parents, brothers and sister to ensure my education both in the undergraduate and graduate levels are also acknowledged with a sense of everindebtedness and gratitude.

Lastly, I thank the authorities of Karnatak University for the financial assistance.
