ACKNOWLEDGEMENT

I take this opportunity to express my heartfelt thanks and deep gratitude to my learned supervisor, Dr. Surindar Singh Kohli, Senior Professor and Head of the Punjabi Department, for his inspiring and encouraging attitude, immense interest, illuminating guidance and manifold help. I earnestly feel that without his proper supervision, the present research work would have not been completed. I also thank him for being all the time accessible to me and supplying me with rare books from his personal library. I made the best use of his valuable research works, especially, Outlines of Sikh Thought, to ascertain the basic concepts of Sikh Philosophy.
