ACKNOWLEDGEMENTS

It is a pleasant opportunity to express my deep sense of gratitude and appreciation to Dr. V.D.Patil, my research supervisor, for all his kind encouragement, sustained interest and affection that I received from him throughout my tenure as a research scholar in this department.

I am thankful to Prof. A.S.R.Murthy, Head of the Department of Chemistry, for providing the necessary laboratory facilities. I also thank Profs. V.V.Badiger and E.S.Jayadevappa for their encouragement. I am obliged to all the members of the faculty for their keen interest in my work and for making me feel at home in this institution.

With utmost sincerity and earnestness I would like to express my indebtedness to my senior, Dr. M.V.Kulkarni, for his unreserved help in completing this thesis.

I owe a special debt to Dr. Milind Shenvi of Purdue University, U.S.A., for his personal interest and the care administered in scanning the NMR and Mass Spectra of some of my compounds. I am grateful to Dr. D.Basavayya of Central University, Hyderabad, Dr. D.N.S.Rao of the department of Inorganic and Physical Chemistry, I.I.Sc., Bangalore and
my senior friends like Dr. R.G. Kalbandkeri of INDAL, Belgaum, Mr. V.G. Kulkarni of Akron University, U.S.A., for their help in recording the spectra of some of my compounds.

I thank Prof. T.R. Kasturi, Department of Organic Chemistry, I.I.Sc., Bangalore, for allowing me to work as a short time research worker under his guidance.

My thanks are due to Prof. V.B. Desai, Principal, Government Pharmacy College, Bangalore, for his kind permission to carry out the biological testings of my compounds. I express my sincere thanks to Dr. Laxman, Mr. Shridhar and Mr. Mukund of the same institution for their help in biological evaluation of my compounds. At the same time, I would like to appreciate the prompt services rendered by the R.S.I.C., I.I.T., Madras, in scanning the spectra of many of my compounds.

It will be wrong on my part, if I do not recall the help and affection of some of my senior colleagues, like Drs. C.L. Tembe, K.R. Alagwadi and R.K. Tikare. My special thanks are for my college teacher and Lab. Associate., Dr. S.S. Hanmantgad, and colleagues like Mr. C.D. Lakkannavar, Mr. R.V. Joshi, Mr. S.B. Rajur and Mr. A.Y. Merwade for their considerate attitude and helping nature during these years.
I would like to appreciate the timely help received from the Staff of the departmental office, the Stores and the Glass blowing units. I thank M/s. Graphics Xerox Centre, Malleswaram, Bangalore, for their assistance in Typing this thesis.

Last but not the least, a word of gratitude towards the University Grants Commission, New Delhi, for the financial assistance by way of a fellowship.
