ACKNOWLEDGEMENT

With great pleasure, I express my profound sense of gratitude to my research supervisor Prof. Dr. S.T. Nandibewoor, P G Dept of Studies in Chemistry Karnataka University Dharwad, for his excellent guidance, constant encouragement, novel ideas, stimulating discussions and thought provoking suggestions. I consider myself extremely fortunate to have worked under him. I am highly indebted to him for giving me an opportunity and inspiration to carry out this work.

I acknowledge my deep sense of gratitude to former and present chairmen, Dr A H M Siddalingaiah and Dr V B Mahale, P G Dept of Studies in Chemistry K U Dharwad, for providing me the necessary facilities to carry out this investigation. I would like to take this opportunity to express my special thanks to Dr M I Aralaguppi, Dr.M.V. Kulkarni, Dr. V K. Revankar, Dr. S M. Tuwar and Dr. I.M Khazi and all other staff members, for their valuable discussions and suggestions during my research work. I am grateful to USIC staff, for providing me instrumental facilities to carry out my experimental work. The financial support in the form of University research scholarship received from the University authorities is gratefully acknowledged.
At this pleasant moment, it is my pleasure to acknowledge my research colleagues Mr. A L. Harihar, Miss N.N Halligudi, Mr S M Desai and Miss S K Mavalangi. Similarly, my special thanks to senior researchers, Dr D L Kamble, Dr R B. Chougale and Dr R G Panari for their help and encouragement during my research. I wish to thank my friends, Mr M K Hipparagi, V N Murgod, V K Yaragudri, P B Marvalli, G M Shashidhar, G.H. Antaragatti, Mukhatar, R R. Kamble, S Y Mugali, A K Maniyar, M R Shaikh and Y F. Nadaf for their help.

My heartfelt thanks are due to my father Shri, Rasoolsaheb M. Kembhavi and mother Ameenabi R. Kembhavi and all my family members for their loving interest and inspiration at the every stage of my educational career.

I express my deep sense of gratitude to respected Mrs Aruna Nandibewoor for her affection, blessing and constant encouragement throughout this research work. Finally, as a research scholar of chemistry department, I have received immense help and encouragement by many staff members and friends, I take this opportunity to thank them all.

M.R. Kembhavi,
