ACKNOWLEDGEMENTS

I express my deep sense of gratitude to Dr. K.C. Gurumurthy who provided me an opportunity to work for doctoral degree and helped me by his intellectual abilities by giving invaluable suggestions while writing this thesis.

I express my sincere thanks to the authorities of SHAR Centre, Indian Space Research Organisation, Sriharikota, who extended their generous help at all stages of the field work. I particularly thank the Director, Colonel N. Pant; the then Controller, Mr. V.A. Varadan, I.A.S. and Dr. V. Veerraju, the Head, Forestry and Horticulture Section and his staff.

I am highly thankful to Dr. Binod C. Agrawal who gave me an opportunity to work in 'Yanadi Action Research Project'. I also take this opportunity to express my thanks to Mr. N. Sudhakar Rao, who worked with me in the project and helped me in many ways.

I owe a special debt of gratitude to the Yanadi of Sriharikota who had accepted my presence in their settlements and investigations into their lives. I take this opportunity to thank them all.

I fail in my duty if I do not express my great debt to my parents and my brother who gave me constant
encouragement throughout my career. Also I acknowledge my sincere thanks to my wife - Kavitha and son - Kishor, who have borne my absence from them for longer periods during the field work.

It is very difficult to mention the names of innumerable friends at Sriharikota and Ahmedabad who directly and indirectly helped me in a number of ways. I express my thanks to all of them. Last but not least, I thank my friends Mr. A.K. Sinha for his valuable suggestions in the preparation of this thesis and Mr. and Mrs. K.K. Raghavan for their help in typing the earlier drafts of this thesis.
