ACKNOWLEDGEMENTS

It is my good fortune that Dr. T. N. Pattabiraman, Professor and Chairman, Department of Biochemistry, S. D. M. College of Dental Science, Dharwad, has supervised my research work by providing his full attention and valuable guidance which brought home to me the meaning and importance of research. I am deeply indebted to him for taking benevolent interest, patience and parental care with which he has guided me through the difficult and discouraging phases encountered during the execution of the research work.

I wish to express my sincere thanks to Dr. B. G. Pujar, Co-guide, and Professor, Department of Biochemistry for his valuable guidance and encouragement during the course of this study.

I am also thankful to Dr. S. B. Hinchigeri, Chairman P.G. Department of Studies in Biochemistry for providing me the necessary facilities to carryout my research work.

I wish to express my sincere gratitude to Dr. C. Bhaskar Rao Principal, S. D. M. College of Dental Sciences, Sattur, Dharwad, for providing me with all the requisite facilities to carry out this work.

I am indeed grateful to all my teachers, Department of Biochemistry, Karnataka University, Dharwad, for helping me in one or other form, during the period of research work.

I have a great pleasure in thanking my colleague and friend specially Mr. Praveen Kumar shetty, for his constant help and encouragement during the course of this study.

I also register my sincere thanks to Mr. H. P. Doddamani, Mr. G. J. Satish, Mr. C. M. Kamanvalli, Mr. C. G. Cholke, Mr. G. V. Hegde and Mr. S. S. Patil for their constant encouragement during the course of this study.
I also acknowledge my gratitude to Mrs. Subhada and Mrs. Hemalatha Vaidya, Department of Microbiology, for their relevant help.

I take this opportunity to thank Mr. S. B. Javali Lecturer S. D. M. Dental College, Dharwad, for his help in statistical analysis of research data.

I wish to express sincere thanks to Dr. B. G. Mulimani and Dr. B. M. Swamy for their constant help and encouragement during the course of this study.

I shall be failing in duties if I do not mention Mr. Mruthyunjaya S. M. Numeric Computer Services, Dharwad, for his kind cooperation and keen interest to make this thesis in the present form.

I am grateful to all my patients without whose co-operation, this study would not have been reality.

Much credit for completing this work on time goes to my wife Smt. Sarswati, and Children Preeti and Sagar, who bore with patience in my absence from home during the period of research work. I have a deep debt of gratitude to them.

Finally, my grateful acknowledgement to Mr. B. S. Bhimalli, President, H. K. E. Society, Gulbarga and to the authorities of M. R. Medical College, Gulbarga, for providing financial support which enabled me to carry out this research work.
