ACKNOWLEDGEMENT

With profound sense of gratitude I thank Prof. M.R. Kumbhar, my guide, Professor and Head, Department of Library and Information Science, Karnatak University, Dharwad (Karnataka) for his guidance, incessant encouragement and constructive criticism throughout the course of this investigation.

I am grateful to Dr. K.L. Chadha, Director, Indian Institute of Horticultural Research, Bangalore for his encouragement and providing me necessary facilities for carrying out this research work.

I am also highly obliged to our former Director, Dr. G.S. Randhawa who encouraged me to take up this assignment.

I acknowledge with gratitude the assistance rendered by Sri. V. Padmanabhan, the artist, Sri. V. N. Ranganathan Photo Officer in the preparation of graphs, line-drawings and photographs.

I also owe a debt of gratitude to all scientists and technicians of the Indian Institute of Horticultural Research who gave necessary information in their subject fields for evaluation and incorporation of the findings in this work.
My grateful thanks are also due to Sri. K. C. Sastri, a senior professional and a co-worker for his valuable suggestions.

I am also thankful to Sri. Suresh Baddi, Sri. Lokanath and Mrs. Hemamalini who have helped in typing this thesis.

Last, but not the least, I acknowledge with affection the assistance of my dear wife Smt. Girija Bankapur and my children Chi. Vinyak, Ramesh and Kum. Shailaja.

(M.B. BANKAPUR)
