I take this opportunity to express my deep sense of gratitude and sincere thanks to Dr. B.G. Pujar for his valuable guidance, encouragement and inspiration throughout the course of this investigation. My association with him has been an experience of immense value. I would always cherish the degree of freedom which I have enjoyed in his laboratory.

I am thankful to Prof. G.S. Puranik, Chairman, P.G. Department of studies in Chemistry for providing me the necessary facilities to carry out my research work. I sincerely thank Prof. M. Madaiah, Former Chairman, P.G. Department of Studies in Chemistry for his help and encouragement.

I am grateful to Prof. M. Madyastha, Dr. V.B. Angadi, Indian Institute of Science, Bangalore and also to Dr. B.L. Hunagund, School of Physicians and Surgeons, Psychiatric Institute, New York for their help in obtaining the spectral data of samples. I am thankful to Dr. B.M. Swamy for his useful suggestions and discussions.

I can never forget the help rendered by my research colleagues, Dr. M.S. Shet, Dr. V.K. Revankar, P.T. Thomas, S.S. Khadabadi, A.M. Mirajkar, P.R. Havali, J.A. Jahagirdar, S.P. Hegde, A.R. Sajjan
K. Basheer Ahmad, C.S. Karigar, B.G. Bevinakatti and Miss. S.H. Ganji, who were always on their feet to help me in one way or the other. I thank Miss. H. Suma for her kind cooperation.

I am highly indebted to my father Dr. K. Amareshappa for his constant encouragement throughout my educational career.

Finally, I am grateful to the authorities of Karnatak University for providing the facilities.
