DEDICATION

It is with great fervour and reverence, that I dedicate this work to the fond memory of my beloved parents
Shri H S Rama Rao, Advocate, Tumkur and
Smt Saraswatamma Rama Rao

Born and brought up in the rural backdrop of Honnudike, Tumkur district, they had a germane desire to see and appreciate the changes in the Rural Development scenario and the progress that has occurred in their long span of life. This work focuses on a new dimension of the Rural Development process - the importance and influence of Information Infrastructure in the effective planning and implementation aspects of Rural Development.

To cherish their dream come true
