LIST OF TABLES

TABLE - 1 Shows the mean scores variance & Z value of Socially advantaged and socially disadvantaged.

TABLE - 2 Shows the mean scores and Z & F value between socially advantaged and disadvantaged for creativity.

TABLE - 3 Shows the mean scores, variance, Z value of F value for Legal vocational Interest, of the socially advantage and disadvantaged.

TABLE - 4 Shows the Z value, mean scores, variance, and F value of Economic vocational Interest of socially advantaged and disadvantaged.

TABLE - 5 Shows the mean scores, variance, Z value and F value for Technical vocational interest of the socially advantaged and disadvantaged.

TABLE - 6 Shows the mean scores, variance, Z value & F value for scientific Vocational Interest of the Socially advantaged and disadvantaged.

TABLE - 7 Shows means scores, variance Z value & F value for Socially advantaged and disadvantaged.

TABLE - 8 Shows the means scores, variance, Z value for Medical vocational interest of the socially advantaged and disadvantaged.

TABLE - 9 Shows the mean scores, variance & Z value of male and female on Intelligence.
TABLE - 10  Shows the mean scores, variance & Z value of male and Female on Creativity.

TABLE - 11  Shows the mean scores, variance, Z value and F value for economic vocational interest of male & female.

TABLE - 12  Shows mean scores, variance, Z value & F value for Legal vocational Interest of the male and female.

TABLE - 13  Shows mean, variance Z value & F value for Technical value of male & female.

TABLE - 14  Shows mean scores variance and Z value and F value of Scientific vocational Interest of male and female.

TABLE - 15  Shows mean scores variance and Z value & F value of Educational Vocational Interest of male & female.

TABLE - 16  Shows mean score variance and Z value & F value of Medical vocational Interest of male & female.

TABLE - 17  Shows mean scores variance and Z value & F value for Intelligence of Urban rural.

TABLE - 18  Shows mean scores, variance, Z value and F value for Creativity of Urban & Rural.

TABLE - 19  Shows mean scores variance, Z value & F value for Economic Vocational Interest of Urban & Rural.

TABLE - 20  Shows mean score variance Z value & F value for Legal Vocational Interest of Urban & Rural.
TABLE - 21 Shows mean scores variance, Z value & F value for Technical Vocational Interest of Urban & Rural.

TABLE - 22 Shows mean scores variance, Z value & F value for Scientific Vocational Interest of Urban & Rural.

TABLE - 23 Shows mean scores variance, Z value and F value for Educational Vocational Interest of Urban & Rural.

TABLE - 24 Shows mean scores variance Z value and F value for Medical Vocational Interest of Urban & Rural.

TABLE - 25 Shows mean scores, variance Z value & F value for Segregated and Co-educated for Intelligence.

TABLE - 26 Shows mean scores, variance Z value & F value for Creativity of Segregated & Co-educated.

TABLE - 27 Shows mean scores variance Z value & F value for Economic Vocational Interest of Segregated and Co-educated.

TABLE - 28 Shows mean variance, Z value & F value for legal Vocational Interest of Segregated & Co-educated.

TABLE - 29 Shows mean variance, Z value & F value for Technical Vocational Interest of Segregated & Co-educated.

TABLE - 30 Shows mean variance, Z value and F value for Scientific Vocational Interest of Segregated & co-educated.

TABLE - 31 Shows mean variance, Z value & f value for Educational Vocational Interest of Segregated & Co-educated.
TABLE - 32 Shows mean variance, Z value & F value for medical Vocational Interest of Segregated & Co-educated.

TABLE - 33 Shows mean variance, Z value & F value for Academic Achievement High & Low of Intelligence.

TABLE - 34 Shows mean variance Z value & F value for Academic Achievement High & Low Creativity.

TABLE - 35 Shows mean variance, Z value and F value for Academic achievement of High and Low for Economic Vocational Interest.

TABLE - 36 Shows mean variance, Z value & F value for academic achievement of high and low for Legal vocational Interest.

TABLE - 37 Shows mean variance Z value, F value for academic Achievement high and low and Scientific Vocational Interest.

TABLE - 38 Shows mean variance, Z value, F value for academic achievement of high and low for Technical Vocational Interest.

TABLE - 39 Shows mean, variance, Z value, F value for academic achievement of high and low for educational vocational interest.

TABLE - 40 Shows mean variance, Z value, F value of academic achievement high and low for medical vocational interest.
