The survey of curriculum adjustment problems of JNV students studying in VII standard (n=548 from 10 JNVs) has revealed that the problems being experienced by majority of them are as follows:

1. Getting less marks in Hindi subject even with more efforts.

2. Requirement of more time to fully understand the items taught in English subject.

According to you, what are the possible causes for these problems? Kindly mention them on the sheet provided separately. Be specific.

What are your suggestions to improve adjustment of pupils with reference to the two curriculum adjustment problems quoted above? Be specific.
