ACKNOWLEDGEMENTS

I have great pleasure in expressing sincere gratitude to my Guide Dr.(Mrs.) Kusuma Neelakantan, Professor, Studies in Department of Marine Biology, Karnataka University P.G.Centre, Karwar for her supervision, guidance during the present study period.

I sincerely thank Dr. U.G. Bhat, Chairman, Studies in Department of Marine Biology, Karnataka University P.G.Centre Karwar for his encouragement and constructive suggestion, which helped me to complete my Thesis work in target time.

My gratitude are to Dr. Ulhas G. Naik, Research Associate, Fisherman’s Guidance Bureau, extension center of Studies in Department of Marine Biology, Karnataka University P.G.Centre Karwar for introducing me to this subject and guiding my research and coordinating my approach. He has encouraged me throughout the study tenure through his valuable suggestions, unstinted help, advice and encouragements.

I sincerely thank Dr. V. N. Nayak, former Chairman, Department of Marine Biology, Karnataka University P.G.Centre Karwar for his encouragements and suggestion throughout the study period.
My special thanks to Dr. J. L. Rathod, Sr. Lecturer, Studies in Department of Marine Biology, Karnataka University P.G. Centre Karwar and my Department colleagues Prof. Smt. Pushpa Patil, Dr. Vasanth Kumar and Dr. Jayakar Bhandari, Government Arts & Science College, Karwar for their ever helping nature made me to complete my research work in a stipulated time.

I also thank Dept. of Collegiate Education, Govt. of Karnataka and the Principals of Govt. Arts & Science College, Karwar, and I.D.S.G. Government College, Chikmagalur, for permitting and encouraging this study.

My thanks are due to the University Grants Commission, South Western Regional Office Bangalore for providing financial support in the form of Minor Research Project.

I also thank Sri Chandrakant T. Harikantra for his help during the field study.

My beloved Parents, Sisters and Brother whose best wishes and support made me to continue my higher studies to reach the goal.

My heartfelt thanks are due to my Wife L.D. Bhavitha and my children's Chirag and Chidhvilasini for their constant encouragement throughout the study period which made me to complete this research work successfully.
I also thank the authorities of Karnataka University, Dharwad for allowing me to Register and submit my Doctoral Thesis.

Karwar
