LIST OF FIGURES

1 Nomothetic Dimension

2 Direct and Indirect paths

3 Indirect paths through intermediately variables

4 The direct and indirect path coefficients of role expectations of science teachers, role expectations of arts teachers, role expectations of parents, role expectations of head masters and job satisfaction of teachers on academic achievement of students

5 The direct and indirect path coefficients of organizational climate of teachers, organizational climate of head masters, organizational climate of head maters and job satisfaction of teachers on academic achievement of students

6 The direct and indirect path coefficients of role expectation scores by science teachers, role expectation scores by arts teachers, role expectation scores by parents, role expectation scores by headmasters and job satisfaction of teachers on organizational climate scores by teachers

7 The direct and indirect path coefficients of role expectation scores by science teachers, arts teachers, parents, headmasters and job satisfaction of teachers on organizational climate scores by headmasters
The direct and indirect path coefficients of role expectation scores by science teachers, arts teachers, parents, headmasters and job satisfaction of teachers on organizational climate scores by students

The direct and indirect path coefficients of role expectation scores by science teachers, arts teachers, parents, headmasters and organizational climate scores by teachers, headmasters and students on job satisfaction scores
